Data in many forms

Statistics Canada disseminates data in a variety of forms. In addition to publications, both standard and special tabulations are offered. Data are available on the Internet, compact disc, diskette, computer printouts, microfiche and microfilm, and magnetic tape. Maps and other geographic reference materials are available for some types of data. Direct online access to aggregated information is possible through CANSIM, Statistics Canada's machine-readable database and retrieval system.

How to obtain more information

Inquiries about this product and related statistics or services should be directed to: Analysis and Dissemination Section, Labour Division, Statistics Canada, Ottawa, Ontario, K1A 076 (telephone: (613) 951-4090) or to the Statistics Canada Regional Reference Centre in:

Halifax	(902) 426-5331	Regina	(306) 780-5405
Montréal	(514) 283-5725	Edmonton	(403) 495-3027
Ottawa	(613) 951-8116	Calgary	(403) 292-6717
Toronto	(416) 973-6586	Vancouver	(604) 666-3691
Winnipeg	(204) 983-4020		

You can also visit our World Wide Web site: http://www.statcan.ca

Toll-free access is provided for all users who reside outside the local dialing area of any of the Regional Reference Centres.

Ordering/Subscription information

All prices exclude sales tax

Catalogue no. 72-002-XPB, is published monthly as a standard paper product. The prices for delivery in Canada are \$32.00 per issue and \$320.00 for a one-year subscription, and outside Canada for US \$32.00 per issue and US \$320.00 for a one year subscription.

Please order by mail, at Statistics Canada, Dissemination Division, Circulation Management, 120 Parkdale Avenue, Ottawa, Ontario, K1A 0T6; by phone, at (613) 951-7277 or 1 800 770-1033; by fax, at (613) 951-1584 or 1 800 889-9734; or by Internet, at order@statcan.ca. For changes of address, please provide both old and new addresses. Statistics Canada products may also be purchased from authorized agents, bookstores and local Statistics Canada offices.

Standards of service to the public

Statistics Canada is committed to serving its clients in a prompt, reliable and courteous manner and in the official language of their choice. To this end, the agency has developed standards of service which its employees observe in serving its clients. To obtain a copy of these service standards, please contact your nearest Statistics Canada Regional Reference Centre.

Des données sous plusieurs formes

Statistique Canada diffuse les données sous formes diverses. Outre les publications, des totalisations habituelles et spéciales sont offertes. Les données sont disponibles sur Internet, disque compact, disquette, imprimé d'ordinateur, microfiche et microfiim, et bande magnétique. Des cartes et d'autres documents de référence géographiques sont disponibles pour certaines sortes de données. L'accès direct à des données agrégées est possible par le truchement de CANSIM, la base de données ordinolingue et le système d'extraction de Statistique Canada.

Comment obtenir d'autres renseignements

Toute demande de renseignements au sujet du présent produit ou au sujet de statistiques ou de services connexes doit être adressée à : Section de l'analyse et de la diffusion, Division du travail, Statistique Canada, Ottawa, Ontario, K1A 0T6 (téléphone : (613) 951-4090) ou à l'un des centres de consultation régionaux de Statistique Canada :

Halifax	(902) 426-5331	Regina	(306) 780-5405
Montréal	(514) 283-5725	Edmonton	(403) 495-3027
Ottawa	(613) 951-8116	Calgary	(403) 292-6717
Toronto	(416) 973-6586	Vancouver	(604) 666-3691
Winniped	(204) 983-4020

Veuillez commander par la poste, en écrivant à Statistique Canada, Division de la diffusion, Gestion de la circulation, 120, avenue Parkdale, Ottawa (Ontario) K1A 0T6; par téléphone, en composant le (613) 951-7277 ou le 1 800 770-1033; par télécopieur, en composant le (613) 951-1584 ou le 1 800 889-9734; ou par Internet, en vous rendant à order@statcan.ca. Lorsque vous signalez un changement d'adresse, veuillez nous fournir l'ancienne et la nouvelle adresses. On peut aussi se procurer les produits de Statistique Canada auprès des agents autorisés, dans les librairies et dans les bureaux régionaux de Statistique Canada.

Normes de service à la clientèle

Statistique Canada s'engage à fournir à ses clients des services rapides, fiables et courtois et dans la langue officielle de leur choix. À cet égard, notre organisme s'est doté de normes de service à la clientèle qui doivent être observées par les employés lorsqu'ils offrent des services à la clientèle. Pour obtenir une copie de ces normes de service, veuillez communiquer avec le centre de consultation régional de Statistique Canada le plus près de chez vous.

Note to users

Re-engineering the survey:

Beginning with the May 1998 release, the Labour Division has completed the third phase of its redesign in the use of administrative records for the production of employment, earnings, and hours estimates. In addition, a new sample for the Business Payrolls Survey has been drawn to produce estimates of paid hours, and average weekly and hourly earnings. With the change in methodology, employment estimates derived from administrative records may show a different seasonal pattern than the previous data, which was derived from survey questionnaires. This can only be assessed within the context of a longer time period. Statistics Canada will continue to monitor these impacts and will help users interpret the data. To minimize impacts, it is recommended that SEPH data, particularly employment data, be used in the context of longer time periods or for detailed industry distributions. A description of the methodological changes and their impacts on the data is available in the May 1998 publication.

For more information on the redesign, users can contact Jean Leduc at: (613) 951-4090, or via fax: 613-951-4087; or the Internet (labour@statcan.ca).

Avis aux utilisateurs

Remaniement de l'enquête:

Avec la parution des estimations de mai 1998, la Division du travail a complété la troisième phase du projet de remaniement concernant l'utilisation des données administratives dans la compilation des estimations de l'emploi, de la rémunération et des heures de travail inscrits dans le registre de paye. De plus, un nouvel échantillon a été tiré pour l'Enquête sur la rémunération auprès des entreprises afin de produire des estimations sur le nombre d'heures rémunérées. la rémunération hebdomadaire movenne ainsi que la rémunération horaire moyenne. Étant donné ce changement méthodologique, il se peut que les estimations de l'emploi mesurées à partir de données administratives montrent un modèle saisonnier différent de celui des données obtenues à l'aide de questionnaires, ce qui ne peut être déterminé que dans le contexte d'une période prolongée. Statistique Canada continuera d'examiner ces répercussions et sera disposé à aider les utilisateurs à interpréter correctement ses données. Afin de minimiser les répercussions, les données de l'Enquête sur l'emploi, la rémunération et les heures de travail (EERH), surtout celles de l'emploi, doivent être utilisées dans le contexte d'une période prolongée ou pour obtenir une distribution détaillée des secteurs d'activité économique. description des changements méthodologiques, et de leur impact sur les données est disponible dans la publication de mai 1998.

Pour de plus amples renseignements sur le remaniement, veuillez communiquer avec Jean Leduc au: (613) 951-4090, ou par télécopieur: 613-951-4087, ou par Internet: labour@statcan.ca.

HISTORICAL ANNUAL AVERAGE EMPLOYMENT, **EARNINGS AND HOURS DATA** YOU MUST HAVE!

Available from the Survey of Employment, Payrolls and Hours - "Annual Estimates of Employment, Earnings and Hours 1985-1997" a reference product with over 245 pages of tables and graphs specifically designed to meet your needs. This handy reference tool is packed with 13 years of detailed annual average data to help you forecast, plan and evaluate accurately.

This indispensable reference source is presented in two easy-to-load, user friendly electronic formats that make accessing the data you need easier than ever before. With Adobe Acrobat software, you can easily view or print your own paper copy, while the ASCII file format lets you import the data to your preferred spreadsheet.

"Annual Estimates of Employment, Earnings and Hours 1985-1997" includes:

- total number of employees including estimates of those paid by the hour
- average weekly and hourly earnings
- average weekly hours

- labour demand regularly compiled by Statistics Canada.

payrolls data data at national, provincial and territorial levels data for over 200 industry groups based on the 1980 SIC. the "Help-Wanted Index, 1981-1997" supplement. This is the only indicator of

"Annual Estimates of Employment, Earnings and Hours 1985-1997" is the reference product for your organization. Order today!

RECUEIL HISTORIQUE DE MOYENNES ANNUELLES SUR L'EMPLOI, LES GAINS ET LES HEURES. UN OUTIL DE TRAVAIL INDISPENSABLE!

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1985-1997", est un outil de référence comprenant plus de 245 pages de tableaux et graphiques spécifiquement adaptés pour répondre à vos besoins. Ce recueil de référence très utile contient 13 années de moyennes annuelles qui vous aideront à prévoir, à planifier et à évaluer avec précision.

Cette publication est un outil de travail important. Elle est présentée dans deux **formats faciles à télécharger et à utiliser** rendant l'accès aux données plus facile que jamais. À l'aide du logiciel Adobe Acrobat, vous pouvez facilement visualiser ou imprimer votre propre publication. Les fichiers ASCII vous permettent d'importer les données dans un chiffrier de votre choix.

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1985 - 1997" inclus:

- le nombre total de salariés comprenant les estimations de ceux rémunérés à l'heure
- la rémunération hebdomadaire et horaire moyenne
- les heures hebdomadaires moyennes
- la rémunération brute
- données disponibles aux niveaux national, provincial et territorial
- données pour plus de 200 groupes d'activités basés sur la CTI 1980
- supplément de "L'indice de l'offre d'emploi, 1981 1997" C'est le seul indicateur de la demande de main d'oeuvre produit de façon régulière par Statistique Canada.

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1985 - 1997" est un outil de référence idéal pour votre organisation. Commandez dès aujourd'hui!

Note of appreciation

Canada owes the success of its statistical system to a long-standing partnership between Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.

Notes Notes

Data for the current month are preliminary estimates and are subject to revision in the next issue of this publication.

Data contained in this publication (unless otherwise specified) are not seasonally adjusted.

Les données du mois le plus récent sont des estimations préliminaires et seront révisées lors de la prochaine parution de cette publication.

À moins d'avis contraire, les données paraissant dans cette publication sont non désaisonnalisées.

Symbols

The following standard symbols are used in Statistics Canada publications:

- figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- p preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act.

Signes conventionnels

Les signes conventionnels suivants sont employés uniformémen dans les publications de Statistique Canada:

- .. nombres indisponibles.
- ... n'ayant pas lieu de figurer.
- néant ou zéro.
- nombres infimes.
- nombres provisoires.
- r nombres rectifiés.
- x confidentiel en vertu des dispositions de la Loi suta statistique relatives au secret.

Note on CANSIM

The data published in Employment, Earnings and Hours (Catalogue No. 72-002-XPB) are also available in machine readable form through CANSIM (Canadian Socio-Economic Information Management System). Users interested in accessing data via CANSIM should contact one of Statistics Canada's regional centres at the numbers listed on the inside front cover of this publication, or contact the Marketing division, Statistics Canada, R.H. Coats Building, Ottawa, Ontario, K1A 0T6 (613) 951-8200

Note concernant CANSIM

Les données qui sont publiées dans l'Emploi, gains et durée du travail (n° 72-002-XPB au catalogue) peuvent être obtenues sous forme lisible par machine de CANSIM (Système Canadien d'information socio-économique). Les utilisateurs voulant obtenir des chiffres par l'intermédiaire de CANSIM peuvent contacter un des centres de consultation de Statistique Canada dont les numéros de téléphone figurent à l'endos du couvert de cette publication ou en communiquant directement avec la division du marketing, Statistique Canada, Immeuble R.H. Coats, Ottawa, Ontario, K1A 0T6 (613)951-8200.

Design your own table

Design your own table to order Employment, Payrolls and Hours data in the detail you need it. All data collected by the survey can be custom tabulated to meet your particular data needs. A consultant will help you custom design your tabulation. Our office is open from 8:00 A.M. to 4:30 P.M..

Le papier utilisé dans la présente publication répond aux exigences minimales de l'"American National Standard for Information Sciences" - "Permanence of Paper for Printed Library Materials", ANSI Z39,48-1984.

Survey Overview

Aperçu de l'enquête

Note to readers

Beginning with the May 1998 release, the Labour Division has completed the third phase of its redesign in the use of administrative records for the production of employment, earnings and hours estimates. In addition, a new sample for the Business Payrolls Survey has been drawn to produce estimates of paid hours, and average weekly and hourly earnings. A description of the methodological changes and their impacts on the data is available in the May 1998 publication.

Note aux lecteurs

Avec la parution des estimations de mai 1998, la Division du travail a complété la troisième phase de son remaniement concernant l'utilisation des données administratives dans la compilation des estimations de l'emploi, gains et durée du travail inscrits sur le registre de paye. De plus, un nouvel échantillon a été tiré pour l'Enquête sur la rémunération auprès des entreprises afin de produire des estimations sur le nombre d'heures rémunérées, la rémunération hebdomadaire moyenne ainsi que la rémunération horaire moyenne. Une description des changements méthodologiques, ainsi que de leur impact sur les données est disponible dans la publication de mai 1998.

The monthly Survey of Employment, Payrolls and Hours is designed to measure the levels and month-to-month trends of payroll employment, paid hours and earnings. The data are compiled at detailed industrial levels for Canada, provinces and territories.

Methodology

Target population

The target population is composed of all employers in Canada, except those in agriculture, fishing and trapping, private households services, religious organizations and defence services. The survey reference period for SEPH is the pay period that includes the last seven days of the month.

The statistics contained in this publication are based on:

- *a census of administrative records having approximately 100 employees or more,
- *a sample of administrative records having approximately 99 employees or less,
- a sample survey (BPS) conducted to estimate the variables not reported on administrative records.

*The administrative data come from 2 questions that were added to the Revenue Canada's remittance form (PD7). Note that employers who remit less than \$15,000 monthly in income tax withholdings, Canada/Quebec Pension Plan contributions and Employment Insurance premiums need to remit only once a month while all others are required to remit twice or more monthly. In addition, beginning with

L'enquête mensuelle sur l'emploi, la rémunération et les heures a pour objet de mesurer les niveaux et les tendances mensuelles de l'ensemble des salariés inscrits sur la liste de paye, des heures rémunérées et des gains. Ces données sont rassemblées à des niveaux détaillés selon l'activité économique pour le Canada, les provinces et les territoires.

Méthodologie

Population cible

La population cible comprend tous les employeurs au Canada sauf ceux des secteurs de l'agriculture, de la pêche et du piégeage, des services domestiques, des ménages, des organismes religieux et des services de la défense. La période de référence de l'EERH, est la période de paye qui correspond aux sept derniers jours du mois.

Les statistiques comprises dans la présente publication sont fondées sur:

- *un recensement des dossiers administratifs comprenant approximativement 100 salariés ou plus,
- *un échantillon des dossiers administratifs comprenant approximativement 99 salariés ou moins,
- une enquête-échantillon (ERE) servant de base pour estimer les variables non rapportées sur les dossiers administratifs.

*Les données administratives proviennent de 2 questions qui ont été ajoutées au formulaire des retenues sur la paye (PD7) de Revenu Canada. Veuillez noter que les employeurs qui versent moins de 15 000 \$ par mois en retenues d'impôt, en contributions au fonds de pension du Canada, au Régime des rentes du Québec et en primes d'assurance-emploi, n'effectuent qu'un versement mensuelle tandis que les autres font 2

October 1997, employers remitting a total of \$12,000 or less per year are allowed to send their payroll deductions to Revenue Canada on a quarterly basis.

The total payroll and employment estimates are obtained from Administrative records. The Business Payrolls Survey (BPS) is conducted monthly to collect data that is utilized in the calculation of ratios and regression coefficients needed to estimate data not reported on the administrative records. Combining different sources, BPS and Administrative Survey results in the full range of SEPH variables.

TERMS AND DEFINITIONS

Industry classification: On the basis of its principal activity, each establishment is assigned an industry code according to the 1980 Standard Industrial Classification (SIC). A description of the various industries and groups of industries is contained in the "Standard Industrial Classification Manual", Catalogue 12-501-XPB. In the tables of this publication, a column is identified "S.I.C. Code" and corresponds to that manual. SEPH has 281 industry groups in scope. For analytical purposes, special groupings which are not part of the Standard Industrial Classification, have been created.

- a) Industrial aggregate (000-999) represents the sum of all the industries included in the survey. Since January 1994, employment estimates for the Industrial aggregate include the unclassified businesses.
- Unclassified businesses (000) represents businesses that have not yet been classified to an SIC, a province or a territory. Since January 1994, employment estimates for industrial aggregate includes the unclassified businesses.
- Goods-producing industries (041-449)(491-499) consist of the following industries; forestry, mining, manufacturing, construction and other utilities industries.
- d) Service-producing industries (451-484)(501-999) consist of the following industries; transportation, communication and storage, trade, finance and insurance, services (except religious organizations and private households) and public administration industries (except for defence services and other government services).
- e) Durable goods (39U) manufacturing consist of the following industries; wood (251-259), furniture and fixtures (261-269), primary metal (291-299), fabricated metal products (301-309), machinery (311-319), transportation equipment (321-329), electrical and electronic products (331-339) and non-metallic mineral products (351-359).

versements ou plus par mois. De plus, depuis octobre 1997, les employeurs ayant un maximum total de 12 000 \$ ou moins en retenues sur la paye par année, peuvent faire des versements sur une base trimestrielle à Revenu Canada.

Le nombre total de salariés inscrits sur la liste de paye provient des dossiers administratifs. L'Enquête sur la rémunération auprès des entreprises (ERE) est effectuée chaque mois en vue de recueillir des données afin de calculer des ratios et des coefficients de régression, servant à estimer les données qui ne sont pas rapportées sur les dossiers administratifs. Ces différents volets soit l'ERE ainsi que les dossiers administratifs sont combinés en vue de produire toutes les variables propres à l'EERH.

TERMES ET DÉFINITIONS

Classement par activité économique: Un code d'activité économique tiré de la Classification type des industries de 1980 (CTI) est attribué à chaque établissement selon sa principale activité. Les industries et les différents groupes industriels sont décrits dans le manuel "Classification Type des Industries 1980" catalogue 12-501-XPB. Dans les tableaux de cette publication, une colonne est identifiée "CTI 1980". Ces codes correspondent à ce manuel. On compte 281 groupes d'activités visées par l'EERH. À des fins analytiques, nous avons créé des groupes spéciaux qui ne figurent pas dans la Classification type des industries.

- a) Ensemble des industries (000-999) représente la somme de toutes les industries visées par l'enquête. Depuis janvier 1994, l'emploi pour l'ensemble des industries comprend les entreprises non classifiées.
- b) Les entreprises non classifiées (000) représentent des entreprises n'ayant pas été identifiées à une classification industrielle, une province ou un territoire. Depuis janvier 1994, l'emploi des entreprises non classifiées est compris dans l'ensemble des industries.
- c) Branche productrice de biens (041-449)(491-499) englobe les industries suivantes; forêts, mines, manufactures, construction et autres services publics.
- d) Branche productrice de services (451-484)(501-999) englobe les industries suivantes; transports, communications et entreposage, commerce, finances et assurances, services (sauf les organismes religieux et les ménages privés) et l'administration publique (excepté les services de la défense et autres services gouvernementaux).
- e) Biens durables (39U) des industries manufacturières englobe les industries suivantes; bois (251-259), meubles et articles d'ameublement (261-269), première transformation des métaux (291-299), fabrication des produits métalliques (301-309), machinerie (311-319), matériel de transport (321-329), produits électriques et électroniques (331-339) et produits minéraux non métalliques (351-359).

- f) Non-durable goods (37U) manufacturing consist of the following industries; food (101-109), beverage (111-114), tobacco (121-122), rubber products (151-159), plastic products (161-169), leather products (171), primary textile (181-183), textile products (191-199), clothing (243-249), paper and allied products (271-279), printing, publishing and allied (281-284), refined petroleum and coal products (361-369), chemical and chemical products (371-379) and other manufacturing industries (391-399).
- g) Commercial services (95U) consist of the following industries; business services (771-779), accommodation services (911-914), food and beverage services (921-922), amusement and recreational services (961-969), personal services (971-979), membership organization (982-986) and other service industries (991-999).
- Non-commercial services (94U) consist of the following industries; educational and related services (851-859) and health and social services (861-869).
- Banks (700) consist of the following industries; Central Bank (701), Chartered Banks and other banking-type intermediaries (702).
- j) Other amusement and recreational services (960) consist of the following industries; commercial spectator sports (964), gambling operations (966) and other amusement and recreational services (969).
- k) Public Administration (812-837) contains only the establishments engaged in activities that are governmental in character and those serving as internal service agencies of the public service. Government owned establishments primarily engaged in activities assigned to other industries are classified in those industries along with similar establishments owned by non-government bodies. Therefore, data included in this industry division do not represent the actual number of persons employed by government at any level.

Variables

Employee

The employment is derived from administrative records. Since the data for the different employee categories are not reported on the administrative records, the BPS survey is conducted to estimate ratios needed to calculate those variables.

The survey determines an employee as being any person drawing pay for services rendered or for paid absences and for whom the employer must complete a Revenue Canada T-4 Supplementary Form.

- f) Biens non durables (37U) des industries manufacturières englobe les industries suivantes; aliments (101-109), boisson (111-114), tabac (121-122), produits en caoutchouc (151-159), produits en matière plastique (161-169), cuir (171), première transformation du textile (181-183), produits textiles (191-199), habillement (243-249), papier et produits connexes (271-279), imprimerie, édition et industries connexes (281-284), produits raffinés du pétrole et du charbon (361-369), produits chimiques (371-379) et autres industries manufacturières (391-399).
- g) Services commerciaux (95U) englobe les industries suivantes; services aux entreprises (771-779), hébergement (911-914), restauration (921-922), services de divertissements et loisirs (961-969), services personnels (971-979), associations commerciales (982-986) et autres industries de services (991-999).
- Services non commerciaux (94U) englobe les industries suivantes; services d'enseignement et services annexes (851-859) et services de soins de santé et services sociaux (861-869).
- Banques (700) englobe les industries suivantes; banque centrale (701) et banques à charte et autres intermédiaires de type bancaire (702).
- j) Services de divertissements et de loisirs (960) englobe les industries suivantes; sports commerciaux (964), loteries et jeux de hasard (966) et autres services de divertissements et de loisir (969).
- k) Administration publique (812-837) comprend seulement les établissements dont les activités ont un caractère essentiellement gouvernemental, et les organismes auxiliaires assurant les services internes de l'État. Les établissements publics dont l'activité dominante relève d'autres activités économiques sont classés sous les mêmes rubriques que les établissements privés semblables. Ainsi, les données publiées pour cette division économique ne représentent pas le nombre réel de personnes employées par les différents pouvoirs publics.

Variables

Salarié

L'emploi provient des dossiers administratifs. Toutefois, les reseignements concernant les différents types d'emplois ne sont pas rapportés sur les dossiers administratifs; l'enquête ERE est effectuée en vue de recueillir des données afin de calculer les ratios servant à estimer ces variables.

L'enquête définit un salarié comme étant: toute personne rétribuée pour ses services ou ses absences et pour laquelle l'employeur doit remplir une déclaration T-4 Supplémentaire de Revenu Canada.

The employee concept includes full-time employees, part-time employees (those who regularly work fewer hours than the standard work week of the establishment). It also comprises working owners, directors, partners and other officers of incorporated businesses.

The definition excludes owners or partners of unincorporated businesses, the self-employed, unpaid family workers, persons working outside Canada, military personnel and casual workers for whom a T-4 is not required. It also excludes those who did not receive any pay from the employer for the entire survey reference period (e.g. persons on strike, persons on unpaid holidays, persons receiving remuneration from an insurance, Workmens' compensation or other related fund, etc.). However, employees paid for part of the reference period and unemployed or on strike for the rest of this period are included in the survey.

The employees are classified into the following categories:

 Employees paid by the hour: any employee whose basic wage is expressed as an hourly rate.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *non-teaching staff:* All employees other than teachers and academic staff, for example; president, vice-president, librarian, registrar, bursar, accountant, guidance counselor, laboratory technician, personnel officer and other services (janitor, caretaker, bus driver, etc.).

b) *Salaried employees: any employee whose basic remuneration is a fixed amount for at least one week.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *teaching staff:* those classified as teachers, instructors or academics in the payroll records (e.g. principal, professor, dean, head of department, master, teacher, etc.) whether they teach during the day or evening. Supply or substitute teachers are excluded.

c) *Other employees: those employees whose basic remuneration is in the form of commissions, piece rates, mileage allowances, etc. Although this variable is not included in this document, the data remains available.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education Le concept de l'enquête combine les salariés à temps plein et à temps partiel (ceux qui travaillent régulièrement un nombre d'heures inférieur à la semaine normale de travail de l'entreprise). Il désigne aussi les propriétaires, administrateurs, associés et autres dirigeants actifs des entreprises constituées en corporation.

Le concept exclut les propriétaires et les associés des entreprises non constituées en corporation, les travailleurs autonomes, les travailleurs familiaux non rémunérés, les personnes travaillant à l'extérieur du Canada et le personnel militaire et les employés occasionnels dont l'employeur n'est pas tenu de remplir la formule T4. Sont également exclus, les travailleurs n'ayant pas reçu de paye de leur employeur pendant la période de référence de l'enquête (c.-à-d. les personnes en grève, en congé non payé, les personnes recevant une rémunération aux termes d'un régime d'assurance, d'une caisse d'indemnisation des accidents au travail ou d'un régime analogue, etc.). Cependant, les travailleurs rémunérés pour une partie de la période de référence et en chômage ou en grève pour le reste de la période sont inclus dans l'enquête.

Les salariés sont classés dans les catégories suivantes:

 a) Salariés rémunérés à l'heure: tout salarié dont la rémunération de base est calculée selon un taux horaire.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel non enseignant*: tous les salariés autres que le personnel enseignant, c'est-à-dire le président, le vice-président, le bibliothécaire, le secrétaire général, l'économe, le comptable, les orienteurs, les techniciens de laboratoire, les agents du personnel ainsi que les autres services (le concierge, pourvoyeur, chauffeur d'autobus, etc.)

 *Employés: tout salarié dont la rémunération de base constitue une somme fixe versée pour au moins une semaine.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel enseignant*: tout travailleur classé comme enseignant ou chargé de cours dans les dossiers du service de la paye (directeur, professeurs, doyens, chefs de département, maîtres, enseignants, etc.), qu'il enseigne le jour ou le soir. Les suppléants ou remplaçants sont exclus.

c) *Autres salariés: tout salarié dont la rémunération de base se présente sous forme de commissions, de salaire à la pièce, d'indemnités de millage, etc. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire

industries, represent in this category supply or substitute teachers: teachers who are called in as needed either to augment existing staff or as short-term replacements for a full-time or part-time teachers.

Weekly Payrolls:

Weekly payrolls are defined as the portion of gross monthly payrolls that reflect work performed during the reference It represents the gross dollar value before deductions for income taxes, employment insurance contributions etc.., including regular pay, overtime and a portion of bonuses, commissions and other type of special payments. The payroll concept excludes dollar amounts that are taxable allowances and benefits, certain types of non-wage compensation as well as employer contributions to employment insurance, Canada/Quebec pension plans, provincial medical plans, workers compensation and other welfare plans. Some annual special payments are excluded while other lump sum special payments are adjusted to coincide with the reference week period. The gross monthly payrolls are derived from Administrative records.

Average weekly earnings for all employees:

Average weekly earnings are derived by dividing total weekly payrolls by the payroll employment.

Average weekly hours for employees paid by the hour and standard work week for salaried employees:

Average weekly hours are obtained by dividing the total paid weekly hours (for employees paid by the hour) by the number of employees (paid by the hour). Total paid hours are defined as all hours paid including overtime hours plus hours of paid absence.

Average hourly earnings (including overtime) for employees paid by the hour:

Is obtained by dividing the total weekly payrolls (for employees paid by the hour) by the total number of weekly hours (for employees paid by the hour). Average hourly earnings are calculated for the hourly-rated employees and for the salaried employees.

(853), représente dans cette catégorie le personnel suppléants ou remplaçants: enseignants appelés à se présenter au travail lorsqu'on a besoin de leurs services soit pour accroître le personnel existant, soit pour remplacer pendant une courte période un enseignant à temps plein ou à temps partiel.

Rémunération hebdomadaire brute:

La rémunération mensuelle brute est définie comme étant la partie de la rémunération hebdomadaire brute qui reflète le travail accompli durant la semaine de référence. Ca représente la valeur brute en dollars avant les déductions pour l'impôt sur le revenu, les contributions à l'assurance-emploi etc.., incluant le salaire régulier, le surtemps et la partie bonis, commissions et tout autres types de paiements spéciaux. Le concept sur la rémunération, ne comprend pas les montants en dollars qui représentent des allocations et des avantages imposables, certains types d'indemnités non salariales ainsi que les cotisations patronales à l'assurance-emploi, au régime de pension du Canada ou au Régime des rentes du Québec, aux régimes d'assurance-maladie provinciaux, aux caisses d'indemnisation des accidents du travail et à d'autres régimes de prévoyance. Les paiements annuels spéciaux sont exclus tandis que les paiements forfaitaires spéciaux sont rajustés de façon à coïncider avec la semaine de référence. La rémunération mensuelle brute provient des dossiers administratifs.

Rémunération hebdomadaire moyenne pour l'ensemble des salariés:

La rémunération hebdomadaire moyenne est calculée en divisant la masse salariale brute imposable par le nombre de salariés inscrits sur la liste de paye.

Heures hebdomadaires moyennes pour les salariés rémunérés à l'heure et la semaine normale de travail des employés:

Les heures hebdomadaires moyennes sont calculées en divisant le nombre total d'heures hebdomadaires rémunérées (des salariés rémunérés à l'heure) par le nombre de salariés (rémunérés à l'heure). Le nombre total d'heures rémunérées est défini comme étant toutes les heures payées y compris les heures supplémentaires et les heures d'absence payées.

Rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure:

La rémunération horaire moyenne est calculée en divisant la rémunération hebdomadaire brute (des salariés rémunérés à l'heure) par le nombre d'heures travaillées (de ces même salariés). La rémunération horaire moyenne est calculée à l'égard des salariés rémunérés à l'heure et des employés.

Highlights

Faits saillants

Employment, earnings and hours October 1998 (preliminary) Seasonally adjusted

In October, employees earned an additional \$3.81 per week as average weekly earnings rose to an estimated \$608.44. Employees earned 2.0 percent more per week in October than they did in October 1997. Throughout 1998, the annual growth rate of average weekly earnings has been consistently between 1.0 and 2.0 percent.

Hourly rated employees worked an average of 31.1 hours (including overtime hours) in October, unchanged from September and also unchanged from October 1997. Overtime hours in October were virtually the same as in September.

Hourly rated employees had a substantial gain in hourly earnings in October. Average hourly earnings (including overtime) for hourly employees rose by \$0.17 in October to an estimated \$15.18. Average hourly earnings for hourly paid employees have increased by 1.7 % in the past 12 months.

Payroll employment increased by 26,000 in October following a significant gain in September. Approximately half of the major industries recorded small employment increases lead by Business Services. Employers in this industry continue to add employees to their payrolls at a rapid rate as total employment increased by more than 47,000 since the beginning of the year. ■

Emploi, gains et durée du travail Octobre 1998 (données provisoires) Données désaisonnalisées

En octobre, la rémunération hebdomadaire moyenne a augmenté de 3,81 dollars pour se fixer à 608,44 dollars. Il s'agit d'une augmentation de 2 % par rapport à octobre 1997. Depuis le début de l'année 1998, le taux de croissance annuelle de la rémunération hebdomadaire moyenne a fluctué entre 1,0% et 2,0%.

Les salariés rémunérés à l'heure ont travaillé en moyenne 31,1 heures (incluant les heures supplémentaires) en octobre, soit un niveau inchangé par rapport à septembre dernier et aussi à octobre 1997. Le nombre d'heures supplémentaires en octobre est demeuré pratiquement inchangé par rapport à celui de septembre.

Les salariés rémunérés à l'heure ont enregistré une hausse substantielle de la rémunération horaire en octobre. La rémunération horaire moyenne (incluant les heures supplémentaires) pour les salariés rémunérés à l'heure s'est accrue de \$0,17 cents en octobre pour se fixer à 15,18 dollars. La rémunération horaire moyenne pour les salariés rémunérés à l'heure a augmenté de 1,7% au cours des 12 derniers mois.

Le nombre de salariés inscrits sur les listes de paye des entreprises a augmenté de 26 000 en octobre faisant suite à la hausse significative enregistrée en septembre dernier. Près de la moitié des industries majeures ont enregistré de faibles gains d'emploi alors que les industries des services aux entreprises était le secteur d'activité qui enregistrait la plus forte hausse. Les employeurs dans ces industries ont continué à ajouter des salariés à leurs listes de paye à un taux soutenu alors que le niveau de l'emploi de ce secteur a augmenté de plus de 47 000 depuis le début de l'année.

Tableau 2

Seasonally Adjusted Estimates of Average Weekly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1994-1998). Estimations désaisonnalisées de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1994-1998).

Average weekly earnings in Canada rose by \$3.81 to stand at \$608.44, while the year over year earnings rose by 2.0% or \$12.19. Mining, Real Estate and Insurance agencies and Non Durable goods were responsible for most of the increase. At the provincial level, Newfoundland, Nova Scotia and Ontario registered the largest increases.

La rémunération hebdomadaire moyenne au Canada était en hausse de 3,81\$ pour s'établir à 608,44\$, alors que d'une année à l'autre l'augmentation était de 2,0% (12,19\$). La croissance s'est surtout fait sentir dans les mines, les agences immobilières et d'assurances ainsi que dans les biens non durables. Au niveau provincial, Terre-Neuve, la Nouvelle-Écosse et l'Ontario ont enregistré les plus fortes augmentations.

Tableau 3

Fixed-weighted Indexes (1986=100) of Average Hourly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1994-1998). Indices à pondération fixe (1986=100) de la rémunération horaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1994-1998).

The annual growth rate of the fixed-weighted index of average hourly earnings rose to 3.1 percent in October from 2.2 percent in September. Although both goods and service producing industries registered increases, most of the growth was in service producing.

Le taux de croissance annuelle de l'indice à pondération fixe de la rémunération horaire moyenne qui était de 2,2% en septembre est passée à 3,1% en Octobre. Bien qu'il y ait eu croissance dans les 2 branches productrices de biens et de services c'est dans la branche productrice de services que l'augmentation a été la plus forte.

Employment, Earnings and Hours, 1998 Statistics Canada - Cat. No. 72-002-XPB

Tableau 6

Estimates of Employment, Average Hourly Earnings and Hours, for Employees Paid by the Hour, by Industry, Canada, Provinces and Territories. Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les salariés rémunérés à l'heure, par industrie, Canada, provinces et territoires.

In October 1998, the average hourly earnings (including overtime) for hourly paid employees was \$15.24, up \$0.26 from October 1997. The increase was almost equally distributed between goods producing industries and service producing industries.

En Octobre 1998, la rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure était de 15,24\$, soit une augmentation de 0,26\$ par rapport à octobre 1997. La croissance était répartie presque également entre la branche productrice de biens et de services.

Administrative data: data derived from the monthly payroll deduction forms (PD7 forms) from Revenue Canada. There are two types of payroll deduction (PD) accounts.

- PD7A refers to monthly remitters (small businesses reporting once a month.
- TM refers to accelerated remitters (medium and large businesses reporting more than once a month).

Données administratives: données provenant des formulaires de retenue sur la paye (formulaires PD7) de Revenu Canada. Il existe deux genres de comptes de retenues sur la paye (RP).

- PD7A se rapporte aux remises mensuelles (petites entreprises effectuant une remise par mois).
- TM se rapporte aux remises accélérées (moyennes et grandes entreprises effectuant plus d'une remise par mois).

^{*} Please note that as of may the SEPH establisment survey has been replaced by an increased use of administrative records in the production of the SEPH estimates.

^{*}Veuillez noter, qu'à partir du mois de référence mai 1998, l'enquête établissement de l'EERH a été remplacé par l'utilisation accrue des données administratives dans la Compilation des estimations de l'EERH.

Connected

Up-to-date and complete, IPS is a fully searchable listing of all current Statistics Canada publications, research papers, electronic products and services. It is the most extensive reference source available on all of Statistics Canada's information assets.

As part of our World Wide Web site, the **IPS** connects users to more than 2,000 entries documenting the full range of Statistics Canada products and services. With **IPS**, you find what you want, when you want it. Whether you're searching for the latest census information, health sector tables or news-breaking economic reports, **IPS** has it listed.

Not sure exactly what you're looking for? No problem! IPS features a powerful search tool that locates thematically related products and services in a matter of seconds. Just type in the word that fits best and the system will point you to the sources where information is available. It's that easy.

YOUR INTERNET ACCESS ROUTE TO STATISTICS CANADA DATA

To start your search, go to "Products and Services" and then click on "Catalogue". Simple on-screen directions will guide you along.

As you will see, IPS provides you with key information on Statistics Canada releases: who to contact for customized data retrievals, what you can download either free of charge or at cost, and how you can obtain what you see listed on-screen. IPS also highlights time-saving features of the products and services we sell from our nine reference centres across Canada. It's the kind of information you need most when making those important purchase decisions

The Statistics Canada Web Site "is full of Interesting facts and figures. There is no better place to get the big picture on the Canadian economy."

David Zgodzinski

Branchez-VOUS

produits et services (IPS). À jour et complet, IPS offre une liste détaillée et facile à consulter des documents de recherche, produits électroniques, services et publications actuels de Statistique Canada. Il constitue la source de référence la plus complète sur les fonds d'information de l'agence.

Accessible à partir de notre site Web, IPS relie les utilisateurs à plus de 2 000 entrées décrivant la gamme complète des produits et services de Statistique Canada et leur permet de trouver ce qu'ils cherchent au moment où ils en ont besoin. Quelle que soit l'information recherchée, renseignements du plus récent recensement, tableaux sur le secteur de la santé ou rapports d'actualité sur l'économie, vous la trouverez dans IPS.

Vous ne savez pas exactement ce que vous cherchez? Aucun problème! IPS offre un outil de recherche puissant qui permet de repérer en quelques secondes les produits et services associés à un thème particulier. Il suffit de taper le moi qui décrit le mieux l'information recherchée pour que le système vous indique les sources où elle figure. C'est tout aussi simple que cela.

VOTRE CHEMIN D'ACCÈS INTERNET VERS LES DONNÉES DE STATISTIQUE CANADA

Pour commencer votre recherche, choisissez «Produits et services» puis cliquez sur «Catalogue». Des directives simples à l'écran vous aideront à naviguer.

Vous constaterez que IPS offre des renseignements essentiels sur les produits offerts par Statistique Canada: personne-ressource pour l'adaptation des extractions de données, ce que vous pouvez télécharger gratuitement ou moyennant des frais, comment obtenir les produits ou services qui figurent dans la liste à l'écran. IPS vous fait aussi gagner du temps en vous présentant les points saillants des produits et services vendus dans nos neuf centres de consultation au Canada. C'est le genre d'information essentielle dont vous avez besoin pour prendre des décisions d'acquisition importantes.

Le site Web de Statistique Canada «regorge de faits et chiffres intéressants. Aucune autre source n'offre une meilleure perspective globale sur l'économie canadienne.»

MERCI DE VOTRE COMMANDE!

Statistique Canada Statistics Canada Canadä

What class of business are you in?

NAICS Canada 1997 ...

an indispensable reference tool for understanding the burgeoning economies of Canada, the United States and Mexico!

got simpler! The North American Industry Classification System (NAICS) Canada 1997, replaces the 1980 Standard Industrial Classification (SIC) system. NAICS Canada 1997 identifies many new industries and categories. Now, you can access up-to-date information on the growth and diversification of economic activity in recent decades.

Whatever business you are in, chances are you'll want to get your hands on this ground-breaking tool! NAICS Canada 1997 provides, for the first time, a common framework for the collection of comparable production data for NAFTA's three trade partners ... making it easier than ever to compare financial and economic statistics between Canada, the United States and Mexico!

What's more, you can get the information you need in the format you want: NAICS Canada 1997 is available both in a durable hardcover book and on CD-ROM. The portable-size manual, with its detailed index, makes a handy desktop reference while the user-friendly CD-ROM allows you to access comprehensive industry information quickly and easily.

NAICS Canada 1997 is indispensable for all suppliers and users of economic data in industry, business, governments, banks, trade associations, academia, research and elsewhere. Use this first-ofits-kind resource to make more informed business and policy decisions and to enhance your professional productivity!

NAICS Canada 1997 . . .

- allows every business to see precisely to which industry it belongs ... essential for assessing business performance
- differentiates between
 - industries where all three countries produce common comparable data
 - industries unique to Canada
- recognizes the emergence of the new service economy, including the growing high tech industries as well as health care and social services
- identifies 921 industries in 20 sectors.

In an economy where change is a constant factor, first class information is essential to your success! Order your copy of NAICS Canada 1997 today!

A quelle classe votre entreprise appartient-elle?

SCIAN Canada 1997 . . .

un outil de référence indispensable pour comprendre les économies florissantes du Canada, des États-Unis et du Mexique!

l est désormais plus facile de suivre l'activité commerciale et économique! Le Système de classification des industries de l'Amérique

du Nord (SCIAN) Canada 1997 remplace la Classification type des industries (CTI) de 1980. Le SCIAN Canada 1997 compte bon nombre de nouvelles classes et catégories. Vous pouvez maintenant avoir accès à des renseignements à jour sur la croissance et la diversification de l'activité économique au cours des dernières décennies.

Peu importe votre secteur d'activité, vous ne voudrez pas rater l'occasion de mettre la main sur cet outil novateur! Le SCIAN Canada 1997 offre, pour la première fois, un cadre commun de collecte de données de production comparables pour les trois partenaires de l'ALÉNA. Il est donc plus facile que jamais de comparer les statistiques financières et économiques du Canada, des États-Unis et du Mexique!

De plus, vous pouvez obtenir l'information que vous désirez dans le format de votre choix : le SCIAN Canada 1997 est offert sous la forme d'un livre cartonné durable et sur CD-ROM. Le manuel de format pratique comprend un index détaillé et constitue un ouvrage de référence maniable, tandis que le CD-ROM convivial vous donne accès facilement et rapidement à des données complètes sur l'activité économique.

Le SCIAN Canada 1997 est un outil indispensable pour tous les fournisseurs et les utilisateurs de données économiques dans le secteur privé, les entreprises, les administrations publiques, les banques, les associations professionnelles, le milieu universitaire, le milieu de la recherche et d'autres secteurs d'activité. Utilisez cet outil innovateur pour prendre des décisions plus éclairées en matière de gestion ou d'orientation et pour accroître votre productivité professionnelle!

SCIAN Canada 1997 . . .

- permet à chaque entreprise de déterminer avec précision la classe à laquelle elle appartient; un mécanisme essentiel pour évaluer son rendement;
- établit une distinction entre
 - les classes d'activité pour lesquelles les trois pays produisent des données communes comparables
 - > et les classes propres au Canada;
- reconnaît l'émergence de la nouvelle économie de services, notamment du secteur florissant de la haute technologie de même que du secteur de la santé et des services sociaux;
- définit 921 classes réparties dans 20 secteurs.

Dans une économie en constante mutation, le succès de votre entreprise dépend de l'accès à des données de premier ordre! Commandez votre exemplaire du SCIAN Canada 1997 dès aujourd'hui!

Le prix du SCIAN Canada 1997 (nº 12-501-XPF au cat.) est de 45 \$ (TPS/IVH et TVP, le cas échéant, en sus). La version bilingue du SCIAN Canada 1997 sur CD-ROM (nº 12-501-XCB au cat.) coûte 100 \$ (TPS/IVH et TVP, le cas échéant, en sus). Pour commander, COMPOSEZ sans trais le 1 800 267-6677, envoyez votre bon de continande (VISA ou MasterCard) par TELECOPIEUR au 1 800 889-9734 ou par la POSTE à l'adresse suivante: Seatistique Canada, Division des opérations et de l'intégration, Gestion de la circulation, 120, avenue Parkdale, Ottawa (Ontario) Canada, KIA 076. Soyez à la fine pointe de votre savoir-faire et de votre expérience

Tirez profit de Liens de parenté entre sociétés

our demeurer compétitif dans le monde changeant des affaires, pour faire face à l'augmentation des attentes des clients et à l'escalade de la concurrence, vous savez que le succès se résume en un seul mot. Rendement. **Léns de parenté entre sociétés*

1998 vous aide à atteindre vos normes d'excellence en vous fournissant des renseignements exacts, actuels et complets sur les sociétés, tout en vous épargnant du temps précieux de recherche. C'est un guide complet pour connaître, d'un coup d'oeil, qui possède et contrôle quelles sociétés, où se trouvent leurs sièges sociaux, comment ces sociétés s'imbriquent dans la hiérarchie globale et bien d'autres renseignements.

Savoir-faire = Pouvoir

Liens de parenté entre sociétés 1998 vous procure des caractéristiques à valeur ajoutée que vous ne pouvez tout simplement pas retrouver ailleurs, y compris :

- ▶ 89 000 inscriptions détaillées, dont celles d'environ 11 000 sociétés-mères étrangères
- des dizaines de milliers d'inscriptions de plus que toute source comparable
- des données rassemblées avec précision, entièrement indexées pour des recherches rapides et des renvois faciles
- ▶ un choix de formats pour mieux satisfaire vos besoins particuliers
 - ★ CD-ROM ★ livre relié

Une source indispensable pour les juristes, les analystes, les investisseurs, les lobbyistes, les chercheurs et les chefs d'entreprises, *Liens de parenté entre sociétés 1998* vous aidera à :

- ▶ identifier les hiérarchies des sociétés et à explorer des possibilités d'investissements
- ▶ pointer les possibilités de marketing et à cibler les vrais décideurs
- reconnaître des clients potentiels et à connaître vos concurrents
- ▶ suivre les changements de propriété à l'étranger et à découvrir des débouchés à l'exportation
- ▶ répondre à des exigences de «célérité raisonnable»

Liens de parenté entre sociétés 1998 répond plus

rapidement, plus
adéquatement et plus
facilement aux questions sur
les différentes sociétés.
Mettez son incroyable
contenu à votre service!

Data in many forms

Statistics Canada disseminates data in a variety of forms. In addition to publications, both standard and special tabulations are offered. Data are available on the Internet, compact disc, diskette, computer printouts, microfiche and microfilm, and magnetic tape. Maps and other geographic reference materials are available for some types of data. Direct online access to aggregated information is possible through CANSIM, Statistics Canada's machine-readable database and retrieval system.

How to obtain more information

Inquiries about this product and related statistics or services should be directed to: Analysis and Dissemination Section, Labour Division, Statistics Canada, Ottawa, Ontario, K1A 076 (telephone: (613) 951-4090) or to the Statistics Canada Regional Reference Centre in:

Halifax	(902) 426-5331	Regina	(306) 780-5405

Standards of service to the public

Statistics Canada is committed to serving its clients in a prompt, reliable and courteous manner and in the official language of their choice. To this end, the agency has developed standards of service which its employees observe in serving its clients. To obtain a copy of these service standards, please contact your nearest Statistics Canada Regional Reference Centre.

Des données sous plusieurs formes

Statistique Canada diffuse les données sous formes diverses. Outre les publications, des totalisations habituelles et spéciales sont offertes. Les données sont disponibles sur Internet, disque compact, disquette, imprimé d'ordinateur, microfiche et microfilm, et bande magnétique. Des cartes et d'autres documents de référence géographiques sont disponibles pour certaines sortes de données. L'accès direct à des données agrégées est possible par le truchement de CANSIM, la base de données ordinolingue et le système d'extraction de Statistique Canada.

Normes de service à la clientèle

Statistique Canada s'engage à fournir à ses clients des services rapides, fiables et courtois et dans la langue officielle de leur choix. À cet égard, notre organisme s'est doté de normes de service à la clientèle qui doivent être observées par les employés lorsqu'ils offrent des services à la clientèle. Pour obtenir une copie de ces normes de service, veuillez communiquer avec le centre de consultation régional de Statistique Canada le plus près de chez vous.

Note to users

Re-engineering the survey:

Beginning with the May 1998 release, the Labour Division has completed the third phase of its redesign in the use of administrative records for the production of employment, earnings, and hours estimates. In addition, a new sample for the Business Payrolls Survey has been drawn to produce estimates of paid hours, and average weekly and hourly earnings. With the change in methodology. employment estimates derived from administrative records may show a different seasonal pattern than the previous data. which was derived from survey questionnaires. This can only be assessed within the context of a longer time period. Statistics Canada will continue to monitor these impacts and will help users interpret the data. To minimize impacts, it is recommended that SEPH data, particularly employment data, be used in the context of longer time periods or for detailed industry distributions. A description of the methodological changes and their impacts on the data is available in the May 1998 publication.

For more information on the redesign, users can contact Jean Leduc at: (613) 951-4090, or via fax: 613-951-4087; or the Internet (labour@statcan.ca).

Avis aux utilisateurs

Remaniement de l'enquête:

Avec la parution des estimations de mai 1998, la Division du travail a complété la troisième phase du projet de remaniement concernant l'utilisation des données administratives dans la compilation des estimations de l'emploi, de la rémunération et des heures de travail inscrits dans le registre de paye. De plus, un nouvel échantillon a été tiré pour l'Enquête sur la rémunération auprès des entreprises afin de produire des estimations sur le nombre d'heures rémunérées, la rémunération hebdomadaire movenne ainsi que la rémunération horaire movenne. Étant donné ce changement méthodologique, il se peut que les estimations de l'emploi mesurées à partir de données administratives montrent un modèle saisonnier différent de celui des données obtenues à l'aide de questionnaires, ce qui ne peut être déterminé que dans le contexte d'une période prolongée. Statistique Canada continuera d'examiner ces répercussions et sera disposé à aider les utilisateurs à interpréter correctement Afin de minimiser les ses données. répercussions, les données de l'Enquête sur l'emploi, la rémunération et les heures de travail (EERH), surtout celles de l'emploi, doivent être utilisées dans le contexte d'une période prolongée ou pour obtenir une distribution détaillée des secteurs d'activité économique. Une description des changements méthodologiques, et de leur impact sur les données est disponible dans la publication de mai 1998.

Pour de plus amples renseignements sur le remaniement, veuillez communiquer avec Jean Leduc au: (613) 951-4090, ou par télécopieur: 613-951-4087, ou par Internet: labour@statcan.ca.

Note of appreciation

Canada owes the success of its statistical system to a long-standing partnership between Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.

Notes Notes

Data for the current month are preliminary estimates and are subject to revision in the next issue of this publication.

Data contained in this publication (unless otherwise specified) are not seasonally adjusted.

Les données du mois le plus récent sont des estimations préliminaires et seront révisées lors de la prochaine parution de cette publication.

À moins d'avis contraire, les données paraissant dans cette publication sont non désaisonnalisées.

Survey Overview

Aperçu de l'enquête

Note to readers

Beginning with the May 1998 release, the Labour Division has completed the third phase of its redesign in the use of administrative records for the production of employment, earnings and hours estimates. In addition, a new sample for the Business Payrolls Survey has been drawn to produce estimates of paid hours, and average weekly and hourly earnings. A description of the methodological changes and their impacts on the data is available in the May 1998 publication.

The monthly Survey of Employment, Payrolls and Hours is designed to measure the levels and month-to-month trends of payroll employment, paid hours and earnings. The data are compiled at detailed industrial levels for Canada, provinces and territories.

Methodology

Target population

The target population is composed of all employers in Canada, except those in agriculture, fishing and trapping, private households services, religious organizations and defence services. The survey reference period for SEPH is the pay period that includes the last seven days of the month.

The statistics contained in this publication are based on:

- *a census of administrative records having approximately 100 employees or more,
- *a sample of administrative records having approximately 99 employees or less,
- a sample survey (BPS) conducted to estimate the variables not reported on administrative records.

*The administrative data come from 2 questions that were added to the Revenue Canada's remittance form (PD7). Note that employers who remit less than \$15,000 monthly in income tax withholdings, Canada/Quebec Pension Plan contributions and Employment Insurance premiums need to remit only once a month while all others are required to remit twice or more monthly. In addition, beginning with October 1997, employers remitting a total of \$12,000 or less per year are allowed to send their payroll deductions to Revenue Canada on a quarterly basis.

The total payroll and employment estimates are obtained from Administrative records. The Business Payrolls Survey (BPS) is conducted monthly to collect data that is utilized in

Note aux lecteurs

Avec la parution des estimations de mai 1998, la Division du travail a complété la troisième phase de son remaniement concernant l'utilisation des données administratives dans la compilation des estimations de l'emploi, gains et durée du travail inscrits sur le registre de paye. De plus, un nouvel échantillon a été tiré pour l'Enquête sur la rémunération auprès des entreprises afin de produire des estimations sur le nombre d'heures rémunération hebdomadaire moyenne ainsi que la rémunération horaire moyenne. Une description des changements méthodologiques, ainsi que de leur impact sur les données est disponible dans la publication de mai 1998.

L'enquête mensuelle sur l'emploi, la rémunération et les heures a pour objet de mesurer les niveaux et les tendances mensuelles de l'ensemble des salariés inscrits sur la liste de paye, des heures rémunérées et des gains. Ces données sont rassemblées à des niveaux détaillés selon l'activité économique pour le Canada, les provinces et les territoires.

Méthodologie

Population cible

La population cible comprend tous les employeurs au Canada sauf ceux des secteurs de l'agriculture, de la pêche et du piégeage, des services domestiques, des ménages, des organismes religieux et des services de la défense. La période de référence de l'EERH, est la période de paye qui correspond aux sept derniers jours du mois.

Les statistiques comprises dans la présente publication sont fondées sur:

- *un recensement des dossiers administratifs comprenant approximativement 100 salariés ou plus.
- *un échantillon des dossiers administratifs comprenant approximativement 99 salariés ou moins,
- une enquête-échantillon (ERE) servant de base pour estimer les variables non rapportées sur les dossiers administratifs.

*Les données administratives proviennent de 2 questions qui ont été ajoutées au formulaire des retenues sur la paye (PD7) de Revenu Canada. Veuillez noter que les employeurs qui versent moins de 15 000 \$ par mois en retenues d'impôt, en contributions au fonds de pension du Canada, au Régime des rentes du Québec et en primes d'assurance-emploi, n'effectuent qu'un versement mensuelle tandis que les autres font 2 versements ou plus par mois. De plus, depuis octobre 1997, les employeurs ayant un maximum total de 12 000 \$ ou moins en retenues sur la paye par année, peuvent faire des versements sur une base trimestrielle à Revenu Canada.

Le nombre total de salariés inscrits sur la liste de paye provient des dossiers administratifs. L'Enquête sur la rémunération auprès des entreprises (ERE) est effectuée chaque mois en vue de recueillir the calculation of ratios and regression coefficients needed to estimate data not reported on the administrative records. Combining different sources, BPS and Administrative Survey results in the full range of SEPH variables.

TERMS AND DEFINITIONS

Industry classification: On the basis of its principal activity, each establishment is assigned an industry code according to the 1980 Standard Industrial Classification (SIC). A description of the various industries and groups of industries is contained in the "Standard Industrial Classification Manual", Catalogue 12-501-XPB. In the tables of this publication, a column is identified "S.I.C. Code" and corresponds to that manual. SEPH has 281 industry groups in scope. For analytical purposes, special groupings which are not part of the Standard Industrial Classification, have been created.

- a) Industrial aggregate (000-999) represents the sum of all the industries included in the survey. Since January 1994, employment estimates for the Industrial aggregate include the unclassified businesses.
- b) Unclassified businesses (000) represents businesses that have not yet been classified to an SIC, a province or a territory. Since January 1994, employment estimates for industrial aggregate includes the unclassified businesses.
- Goods-producing industries (041-449)(491-499) consist of the following industries; forestry, mining, manufacturing, construction and other utilities industries.
- d) Service-producing industries (451-484)(501-999) consist of the following industries; transportation, communication and storage, trade, finance and insurance, services (except religious organizations and private households) and public administration industries (except for defence services and other government services).
- e) Durable goods (39U) manufacturing consist of the following industries; wood (251-259), furniture and fixtures (261-269), primary metal (291-299), fabricated metal products (301-309), machinery (311-319), transportation equipment (321-329), electrical and electronic products (331-339), non-metallic mineral products (351-359) and other manufacturing industries (391-399).
- f) Non-durable goods (37U) manufacturing consist of the following industries; food (101-109), beverage (111-114), tobacco (121-122), rubber products (151-159), plastic products (161-169), leather products (171), primary textile (181-183), textile products (191-199), clothing (243-249), paper and allied products (271-279), printing, publishing and allied (281-284), refined petroleum and coal products (361-369), chemical and chemical products (371-379).

des données afin de calculer des ratios et des coefficients de régression, servant à estimer les données qui ne sont pas rapportées sur les dossiers administratifs. Ces différents volets soit l'ERE ainsi que les dossiers administratifs sont combinés en vue de produire toutes les variables propres à l'EERH.

TERMES ET DÉFINITIONS

Classement par activité économique: Un code d'activité économique tiré de la Classification type des industries de 1980 (CTI) est attribué à chaque établissement selon sa principale activité. Les industries et les différents groupes industriels sont décrits dans le manuel "Classification Type des Industries 1980" catalogue 12-501-XPB. Dans les tableaux de cette publication, une colonne est identifiée "CTI 1980". Ces codes correspondent à ce manuel. On compte 281 groupes d'activités visées par l'EERH. À des fins analytiques, nous avons créé des groupes spéciaux qui ne figurent pas dans la Classification type des industries.

- Ensemble des industries (000-999) représente la somme de toutes les industries visées par l'enquête. Depuis janvier 1994, l'emploi pour l'ensemble des industries comprend les entreprises non classifiées.
- b) Les entreprises non classifiées (000) représentent des entreprises n'ayant pas été identifiées à une classification industrielle, une province ou un territoire. Depuis janvier 1994, l'emploi des entreprises non classifiées est compris dans l'ensemble des industries.
- Branche productrice de biens (041-449)(491-499) englobe les industries suivantes; forêts, mines, manufactures, construction et autres services publics.
- d) Branche productrice de services (451-484)(501-999) englobe les industries suivantes; transports, communications et entreposage, commerce, finances et assurances, services (sauf les organismes religieux et les ménages privés) et l'administration publique (excepté les services de la défense et autres services gouvernementaux).
- e) Biens durables (39U) des industries manufacturières englobe les industries suivantes; bois (251-259), meubles et articles d'ameublement (261-269), première transformation des métaux (291-299), fabrication des produits métalliques (301-309), machinerie (311-319), matériel de transport (321-329), produits électriques et électroniques (331-339), produits minéraux non métalliques (351-359), et autres industries manufacturières (391-399).
- f) Biens non durables (37U) des industries manufacturières englobe les industries suivantes; aliments (101-109), boisson (111-114), tabac (121-122), produits en caoutchouc (151-159), produits en matière plastique (161-169), cuir (171), première transformation du textile (181-183), produits textiles (191-199), habillement (243-249), papier et produits connexes (271-279), imprimerie, édition et industries connexes (281-284), produits raffinés du pétrole et du charbon (361-369), produits chimiques (371-379).

- g) Banks (700) consist of the following industries; Central Bank (701), Chartered Banks and other banking-type intermediaries (702).
- Other amusement and recreational services (960) consist of the following industries; commercial spectator sports (964), gambling operations (966) and other amusement and recreational services (969).
- i) Public Administration (812-837) contains only the establishments engaged in activities that are governmental in character and those serving as internal service agencies of the public service. Government owned establishments primarily engaged in activities assigned to other industries are classified in those industries along with similar establishments owned by non-government bodies. Therefore, data included in this industry division do not represent the actual number of persons employed by government at any level.

Variables

Employee:

The employment is derived from administrative records. Since the data for the different employee categories are not reported on the administrative records, the BPS survey is conducted to estimate ratios needed to calculate those variables.

The survey determines an employee as being any person drawing pay for services rendered or for paid absences and for whom the employer must complete a Revenue Canada T-4 Supplementary Form.

The employee concept includes full-time employees, part-time employees (those who regularly work fewer hours than the standard work week of the establishment). It also comprises working owners, directors, partners and other officers of incorporated businesses.

The definition excludes owners or partners of unincorporated businesses, the self-employed, unpaid family workers, persons working outside Canada, military personnel and casual workers for whom a T-4 is not required. It also excludes those who did not receive any pay from the employer for the entire survey reference period (e.g. persons on strike, persons on unpaid holidays, persons receiving remuneration from an insurance, Workmens' compensation or other related fund, etc.). However, employees paid for part of the reference period and unemployed or on strike for the rest of this period are included in the survey.

The employees are classified into the following categories:

a) **Employees paid by the hour:** any employee whose basic wage is expressed as an hourly rate.

- g) Banques (700) englobe les industries suivantes; banque centrale (701) et banques à charte et autres intermédiaires de type bancaire (702).
- Services de divertissements et de loisirs (960) englobe les industries suivantes; sports commerciaux (964), loteries et jeux de hasard (966) et autres services de divertissements et de loisir (969).
- i) Administration publique (812-837) comprend seulement les établissements dont les activités ont un caractère essentiellement gouvernemental, et les organismes auxiliaires assurant les services internes de l'État. Les établissements publics dont l'activité dominante relève d'autres activités économiques sont classés sous les mêmes rubriques que les établissements privés semblables. Ainsi, les données publiées pour cette division économique ne représentent pas le nombre réel de personnes employées par les différents pouvoirs publics.

Variables

Salarié:

L'emploi provient des dossiers administratifs. Toutefois, les reseignements concernant les différents types d'emplois ne sont pas rapportés sur les dossiers administratifs; l'enquête ERE est effectuée en vue de recueillir des données afin de calculer les ratios servant à estimer ces variables.

L'enquête définit un salarié comme étant: toute personne rétribuée pour ses services ou ses absences et pour laquelle l'employeur doit remplir une déclaration T-4 Supplémentaire de Revenu Canada.

Le concept de l'enquête combine les salariés à temps plein et à temps partiel (ceux qui travaillent régulièrement un nombre d'heures inférieur à la semaine normale de travail de l'entreprise). Il désigne aussi les propriétaires, administrateurs, associés et autres dirigeants actifs des entreprises constituées en corporation.

Le concept exclut les propriétaires et les associés des entreprises non constituées en corporation, les travailleurs autonomes, les travailleurs familiaux non rémunérés, les personnes travaillant à l'extérieur du Canada et le personnel militaire et les employés occasionnels dont l'employeur n'est pas tenu de remplir la formule T4. Sont également exclus, les travailleurs n'ayant pas reçu de paye de leur employeur pendant la période de référence de l'enquête (c.-à-d. les personnes en grève, en congé non payé, les personnes recevant une rémunération aux termes d'un régime d'assurance, d'une caisse d'indemnisation des accidents au travail ou d'un régime analogue, etc.). Cependant, les travailleurs rémunérés pour une partie de la période de référence et en chômage ou en grève pour le reste de la période sont inclus dans l'enquête.

Les salariés sont classés dans les catégories suivantes:

 a) Salariés rémunérés à l'heure: tout salarié dont la rémunération de base est calculée selon un taux horaire. Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *non-teaching staff:* All employees other than teachers and academic staff, for example; president, vice-president, librarian, registrar, bursar, accountant, guidance counselor, laboratory technician, personnel officer and other services (janitor, caretaker, bus driver, etc.).

 *Salaried employees: any employee whose basic remuneration is a fixed amount for at least one week.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *teaching staff:* those classified as teachers, instructors or academics in the payroll records (e.g. principal, professor, dean, head of department, master, teacher, etc.) whether they teach during the day or evening. Supply or substitute teachers are excluded.

c) *Other employees: those employees whose basic remuneration is in the form of commissions, piece rates, mileage allowances, etc. Although this variable is not included in this document, the data remains available.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *supply or substitute teachers*: teachers who are called in as needed either to augment existing staff or as short-term replacements for a full-time or part-time teachers.

Weekly Payrolls:

Weekly payrolls are defined as the portion of gross monthly payrolls that reflect work performed during the reference week. It represents the gross dollar value before deductions for income taxes, employment insurance contributions etc.., including regular pay, overtime and a portion of bonuses, commissions and other type of special payments. The payroll concept excludes dollar amounts that are taxable allowances and benefits, certain types of non-wage compensation as well as employer contributions to employment insurance, Canada/Quebec pension plans, provincial medical plans, workers compensation and other welfare plans. Some annual special payments are excluded while other lump sum special payments are adjusted to

coincide with the reference week period. The gross monthly payrolls are derived from Administrative records.

Average weekly earnings for all employees:

Average weekly earnings are derived by dividing total weekly payrolls by the payroll employment.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le **personnel non enseignant**: tous les salariés autres que le personnel enseignant, c'est-à-dire le président, le vice-président, le bibliothécaire, le secrétaire général, l'économe, le comptable, les orienteurs, les techniciens de laboratoire, les agents du personnel ainsi que les autres services (le concierge, pourvoyeur, chauffeur d'autobus, etc.)

 *Employés: tout salarié dont la rémunération de base constitue une somme fixe versée pour au moins une semaine.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel enseignant*: tout travailleur classé comme enseignant ou chargé de cours dans les dossiers du service de la paye (directeur, professeurs, doyens, chefs de département, maîtres, enseignants, etc.), qu'il enseigne le jour ou le soir. Les suppléants ou remplaçants sont exclus.

c) *Autres salariés: tout salarié dont la rémunération de base se présente sous forme de commissions, de salaire à la pièce, d'indemnités de millage, etc. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le personnel *suppléants ou remplaçants*: enseignants appelés à se présenter au travail lorsqu'on a besoin de leurs services soit pour accroître le personnel existant, soit pour remplacer pendant une courte période un enseignant à temps plein ou à temps partiel.

Rémunération hebdomadaire brute:

La rémunération mensuelle brute est définie comme étant la partie de la rémunération hebdomadaire brute qui reflète le travail accompli durant la semaine de référence. Ca représente la valeur brute en dollars avant les déductions pour l'impôt sur le revenu, les contributions à l'assurance-emploi etc.., incluant le salaire régulier, le surtemps et la partie bonis, commissions et tout autres types de paiements spéciaux. Le concept sur la rémunération, ne comprend pas les montants en dollars qui représentent des allocations et des avantages imposables, certains types d'indemnités non salariales ainsi que les cotisations patronales à l'assurance-emploi, au régime de pension du Canada ou au Régime des rentes du Québec, aux régimes d'assurance-maladie provinciaux, aux caisses d'indemnisation des accidents du travail et à d'autres régimes de prévoyance. Les paiements annuels spéciaux sont exclus tandis que les paiements forfaitaires spéciaux sont rajustés de façon à coïncider avec la semaine de référence. rémunération mensuelle brute provient des dossiers administratifs.

Rémunération hebdomadaire moyenne pour l'ensemble des salariés:

La rémunération hebdomadaire moyenne est calculée en divisant la masse salariale brute imposable par le nombre de salariés inscrits sur la liste de paye. Average weekly hours for employees paid by the hour and standard work week for salaried employees:

Average weekly hours are obtained by dividing the total paid weekly hours (for employees paid by the hour) by the number of employees (paid by the hour). Total paid hours are defined as all hours paid including overtime hours plus hours of paid absence.

Average hourly earnings (including overtime) for employees paid by the hour:

Is obtained by dividing the total weekly payrolls (for employees paid by the hour) by the total number of weekly hours (for employees paid by the hour). Average hourly earnings are calculated for the hourly-rated employees and for the salaried employees.

Heures hebdomadaires moyennes pour les salariés rémunérés à l'heure et la semaine normale de travail des employés:

Les heures hebdomadaires moyennes sont calculées en divisant le nombre total d'heures hebdomadaires rémunérées (des salariés rémunérés à l'heure) par le nombre de salariés (rémunérés à l'heure). Le nombre total d'heures rémunérées est défini comme étant toutes les heures payées y compris les heures supplémentaires et les heures d'absence payées.

Rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure:

La rémunération horaire moyenne est calculée en divisant la rémunération hebdomadaire brute (des salariés rémunérés à l'heure) par le nombre d'heures travaillées (de ces même salariés). La rémunération horaire moyenne est calculée à l'égard des salariés rémunérés à l'heure et des employés. ■

Highlights

Faits saillants

Employment, earnings and hours November 1998 (preliminary) Seasonally adjusted

In November, average earnings were almost unchanged with average weekly earnings rising only four cents to an estimated \$607.58. Employees earned 1.2 percent more per week in November 1998 than they did in November 1997.

Hourly rated employees worked an average of 31.4 hours (including overtime hours) in November, up slightly from October. Average overtime hours did not increase in November.

Average hourly earnings (including overtime) for hourly employees were unchanged from October at \$15.09. Average hourly earnings for hourly paid employees have increased by 1.6 % in the past 12 months.

An additional 19,000 persons were added to payrolls in November, the fifth consecutive month where payroll employment increased. Most major industries recorded small employment increases except for retail trade, where employment declined by 12,000. ■

Emploi, gains et durée du travail Novembre 1998 (données provisoires) Données désaisonnalisées

En novembre, la rémunération hebdomadaire moyenne est demeurée pratiquement inchangée alors qu'elle augmentait de 4 cents pour se fixer à 607,58 dollars. De novembre 1997 à novembre 1998, la rémunération hebdomadaire moyenne des salariés a augmenté de 1,2%.

Les salariés rémunérés à l'heure ont travaillé en moyenne 31,4 heures (incluant les heures supplémentaires) en novembre, une légère hausse par rapport à octobre. La moyenne des heures supplémentaires n'a pas augmenté.

En novembre, la rémunération horaire moyenne (incluant les heures supplémentaires) pour les salariés rémunérés à l'heure est demeurée à 15,09 dollars soit le même niveau qu'en octobre. La rémunération horaire moyenne pour les salariés rémunérés à l'heure a augmenté de 1,6% au cours des 12 derniers mois.

Le nombre de salariés inscrits sur les listes de paye des entreprises a augmenté de 19 000 en novembre, il s'agit du cinquième mois consécutif où l'emploi est à la hausse. La plupart des principaux secteurs d'activité ont enregistré de faibles hausses de l'emploi à l'exception du commerce de détail où l'emploi a diminué de 12 000. ■

Employment rose in November, increasing by 19,242 to 11,685,427. The increase was registered mostly in service producing industries, especially in business services. This is the 5th consecutive employment increase. The largest increases were registered in Ontario, Quebec and New Brunswick.

En novembre, le nombre de salariés a augmenté de 19 242 pour s'établir à 11 685 427. La croissance s'est surtout fait sentir dans la branche productrice de services, plus particulièrement dans les services aux entreprises. La hausse des salariés représente la 5ième en autant de mois. L'Ontario, le Québec et le Nouveau Brunswick sont les provinces ayant enregistré les plus fortes augmentations.

Tableau 2

Seasonally Adjusted Estimates of Average Weekly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1994-1998). Estimations désaisonnalisées de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1994-1998).

Average weekly earnings in Canada rose by \$0.04 to stand at \$607.58, while year over year earnings rose \$7.26 or 1.21 %. The year over year increase was distributed almost evenly between goods producing and service producing industries with respective increases of \$7.11 and \$6.43. Durable goods of manufacturing and business services had the largest increases.

La rémunération hebdomadaire moyenne au Canada était en hausse de 0,04\$ pour s'établir à 607,58\$, alors que d'une année à l'autre l'augmentation était de 7,26\$ (1,21%). La croissance d'une année à l'autre était répartie presqu'également entre la branche productrice de biens et la branche productrice de services avec des augmentations respectives de 7,11\$ et 6,43\$. Les industries des biens durables du secteur manufacturier et des services aux entreprises affichaient les plus fortes augmentations.

Tableau 3

Fixed-weighted Indexes (1986=100) of Average Hourly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1994-1998). Indices à pondération fixe (1986=100) de la rémunération horaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1994-1998).

In November the annual growth rate of fixed-weighted index of average hourly earnings rose to 3.2%. The monthly index registered a slight increase of 0.3%. The increase in November was concentrated in service producing industries.

En novembre le taux de croissance annuel de l'indice à pondération fixe de la rémunération horaire moyenne était à la hausse, soit de 3,2 %. Mensuellement l'augmentation enregistrée était faible, soit de 0,3%. Cette hausse était surtout concentrée dans les industries de la branche productrice de services.

Employment, Earnings and Hours, 1998 Statistics Canada - Cat. No. 72-002-XPB

Tableau 4

Number of Industries Showing Year-Over-Year Increases in Employment, for Selected Industries, Canada, (1994-1998). Nombre d'industries démontrant des augmentations d'emploi d'une année à l'autre, pour une sélection d'industries, Canada (1994-1998).

In November the number of industries registering yearover-year gains declined slightly from October. Goods producing industries remained unchanged, while service producing industries reflected the loss. En novembre, le nombre d'industries démontrant une augmentation d'une année à l'autre de l'emploi, affichait une faible baisse par rapport à octobre. La branche productrice de biens est demeurée inchangée tandis que la branche productrice de services était en baisse.

Employment, Earnings and Hours, 1998 Statistics Canada - Cat. No. 72-002-XPB

Tableau 5

Estimates of Employment, Payrolls and Average Weekly Earnings, for All Employees, by Industry, Canada, Provinces and Territories.

Estimations de l'emploi, de la rémunération brute et de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, par industrie, Canada, provinces et territoires.

In November 1998, average weekly earnings for all employees stood at \$606.40. This represent a slight decrease of \$1.71 from October 1998. On a year over year basis average weekly earnings increased by \$6.31. The increase was distributed almost equally between goods and service producing industries.

En novembre, la rémunération hebdomadaire moyenne pour l'ensemble des salariés s'est établit à 606,40\$ soit une légère diminution de 1,71\$ par rapport à octobre 1998. Sur une base annuelle, la rémunération hebdomadaire moyenne était en hausse de 6,31\$. Les industries de la branche productrice de biens et de la branche productrice de services ont contribué également à cette augmentation.

Employment, Earnings and Hours, 1998 Statistics Canada - Cat. No. 72-002-XPB

Tableau 6

Estimates of Employment, Average Hourly Earnings and Hours, for Employees Paid by the Hour, by Industry, Canada, Provinces and Territories.

Estimations de l'emploi, de la rémunératio horaire moyenne et des heures, pour les salariés rémunérés à l'heure, par industrie Canada, provinces et territoires.

In November 1998 average hourly earnings (including overtime) for employees paid by the hour, rose by \$0.22 to \$15.21 from November 1997. The strongest increase was in goods producing industries which had a \$0.30 increase for the same period.

En novembre 1998, la rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure était de 15,21\$ soit une hausse de 0,22\$ par rapport à novembre 1997. Cette augmentation s'est surtout fait sentir dans les industries de la branche productrice de biens qui a connu une augmentation de 0,30\$ pour la même période.

Administrative data: data derived from the monthly payroll deduction forms (PD7 forms) from Revenue Canada. There are two types of payroll deduction (PD) accounts.

- PD7A refers to monthly remitters (small businesses reporting once a month.
- TM refers to accelerated remitters (medium and large businesses reporting more than once a month).
- * Please note that as of may the SEPH establisment survey has been replaced by an increased use of administrative records in the production of the SEPH estimates.

Données administratives: données provenant des formulaires de retenue sur la paye (formulaires PD7) de Revenu Canada. Il existe deux genres de comptes de retenues sur la paye (RP).

- PD7A se rapporte aux remises mensuelles (petites entreprises effectuant une remise par mois).
- TM se rapporte aux remises accélérées (moyennes et grandes entreprises effectuant plus d'une remise par mois).

^{*}Veuillez noter, qu'à partir du mois de référence mai 1998, l'enquête établissement de l'EERH a été remplacé par l'utilisation accrue des données administratives dans la Compilation des estimations de l'EERH.

SERVICES INDICATORS

For and About Businesses Serving the Business of Canada ...

At last, current data and expert analysis on this VITAL sector in one publication!

he services sector now dominates the industrial economies of the world. Telecommunications, banking, advertising, computers, real estate, engineering and insurance represent an eclectic range of services on which all other economic sectors

Despite their critical economic role, however, it has been hard to find out what's happening in these industries. Extensive and time-consuming efforts have, at best, provided a collection of diverse bits and pieces of information ... an incomplete basis for informed understanding and effective action

Now, instead of this fragmented picture, Services Indicators brings you a cohesive whole. An innovative quarterly from Statistics Canada, this publication breaks new ground, providing timely updates on performance and developments in:

- **Communications**
- Finance, Insurance and Real Estate
- Business Services

Services Indicators brings together analytical tables, charts, graphs and commentary in a stimulating and inviting format. From a wide range of key financial indicators including profits, equity, revenues, assets and liabilities, to trends and analysis of employment, salaries and output - PLUS a probing feature article in every issue, Services Indicators gives you the complete picture for the first time!

Finally, anyone with a vested interest in the services economy can go to Services Indicators for current information on these industries ... both at-a-glance and in more detail than has ever been available before - all in one unique publication.

If your business is serving business in Canada, or if you are involved in financing, supplying, assessing or actually using these services, Services Indicators is a turning point - an opportunity to forge into the future armed with the most current insights and knowledge.

Order YOUR subscription to Services Indicators today!

Services Indicators (catalogue no. 63-016-XPB) is \$116 (plus GST/HST and applicable PST) in Canada, US\$116 in the United States and US\$116 in other countries

To order, write to Statistics Canada, Operations and Integration Division, Circulation Management, 120 Parkdale Avenue, Ottawa, Ontario, K1A 0T6, or contact the nearest Statistics Canada Regional Reference Centre listed in this publication.

If more convenient, fax your order to 1-800-889-9734 or (613) 951-1584 or call 1-800-267-6677 toll-free in Canada and the United States [(613) 951-7277 elsewhere] and charge to your VISA or MasterCard. Via Internet: order@statcan.ca. Visit our Web Site www.statcan.ca

INDICATEURS DES SERVICES

Au sujet des entreprises au service des affaires du Canada et à leur intention...

Enfin regroupées en une publication, des données courantes et des analyses éclairées sur ce secteur ESSENTIEL!

e secteur des services domine à l'heure actuelle les économies industrielles du monde. Les d télécommunications, les opérations bancaires, la publicité, l'informatique, l'immobilier, le génie et l'assurance représentent une gamme éclectique de services sur lesquels reposent tous les autres secteurs économiques.

En dépit de leur rôle critique sur le plan économique, il est toutefois difficile de savoir ce qui se passe dans ces branches d'activité. Des efforts considérables et fastidieux ont permis, au mieux, de rassembler une collection de renseignements fragmentaires divers... qui ne favorisent pas la compréhension avisée et la prise de mesures efficaces.

Remplacez maintenant ce tableau fragmentaire par l'image cohérente que vous offre Indicateurs des services. Cette publication trimestrielle innovatrice de Statistique Canada pénètre dans un domaine inexploré, fournissant des aperçus opportuns du rendement et des progrès dans les domaines suivants :

- **Communications**
- Finance, assurance et immobilier
- Services aux entreprises

Indicateurs des services rassemble des tableaux analytiques, des diagrammes, des graphiques et des observations en un mode de présentation stimulant et attrayant. En puisant à même une vaste gamme d'indicateurs financiers importants, allant notamment des profits, des capitaux propres, des recettes, de l'actif et du passif aux tendances et analyses de l'emploi, des salaires et de la production - à laquelle s'ajoute un article de fond exploratif dans chaque numéro, Indicateurs des services brosse pour la première fois un tableau complet!

Enfin, quiconque s'intéresse au secteur des services peut consulter Indicateurs des services pour trouver des renseignements courants sur ces branches d'activité... tant sous une forme sommaire qu'à un niveau de détail n'ayant jamais encore été offert - et ce, dans une même publication.

Si vous êtes de ceux qui fournissent des services aux entreprises canadiennes, ou si vous financez, fournissez ou évaluez ces services ou y avez en fait recours, Indicateurs des services représente un tournant - une chance de s'aventurer dans l'avenir en étant armé des réflexions et connaissances les plus actuelles.

Commandez dès aujourd'hui VOTRE abonnement à Indicateurs des services!

Indicateurs des services (n° 63-016-XPB au catalogue) coûte 116 \$ (pius TPS/TVH et la TVP en vigueur) au Canada, 116 \$ US aux États-Unis et 116 \$ US dans les autres pays.

L'OBSERVATEUR

ECONOMIQUE CANADIEN

ECONOMIC OBSERVER

when you subscribe to the Canadian Economic Observer!

Understanding what is key to Canada's economic activity is important to virtually every successful business, particularly in today's highly competitive economy. Whether your company has 10 employees or 10,000, it's vital that you are equipped to anticipate the trends that could prove influential in the years ahead. One way is to subscribe to Canada's leading report card on the economy — the Canadian Economic Observer (CEO).

► CEO meets your needs

Whether your job requires you to access data, track trends or devise highly effective business plans, you'll find many uses for CEO. Packed with detailed charts, diagrams and tables, CEO is your hands-on tool for understanding the economy from the inside out. And CEO gives you the kind of in-depth, intelligent analysis you have come to expect from the world's leading statistical agency.

CEO is easy to use

Consultations with experts have contributed to *CEO*'s present, widely acclaimed format. The **Current Economic Conditions** section contains thought-provoking commentary on current issues, trends and developments. Economic growth, trade, financial market activity—all of the major economic developments across Canada are covered month to month, issue by issue.

The **Economic Events** section profiles developments in the previous month that had an impact on the economy. *Plus*, *CEO* has a topical **Feature Article** providing thoughtful insight into issues that either directly or indirectly affect all Canadians. A separate **Statistical Summary** carries a full range of hard data relating to important economic indicators: markets, prices, trade, demographics, unemployment and many others.

CEO offers solutions

As a subscriber, you'll be directly connected to Statistics Canada's economic analysts. You'll also receive a copy of *CEO*'s annual *Historical Statistical Summary* at no additional charge.

VISIT OUR WEB SITE! www.statcan.ca

des abonnés à L'Observateur économique canadien!

Il est important pour à peu près toutes les entreprises prospères de comprendre les grandes lignes de l'activité économique, surtout dans l'économie concurrentielle d'aujourd'hui. Que votre entreprise compte dix, cent ou plus de mille employés, vous voudrez sans doute vous équiper en vue d'anticiper les tendances qui peuvent exercer une influence sur les années à venir. Un bon moyen consiste à vous abonner au principal bulletin de santé économique du Canada: L'Observateur économique canadien (L'OEC).

L'OEC répond à vos besoins

Que vous ayez à consulter des données, à répérer de grandes tendances ou à concevoir des plans d'entreprises efficaces, L'OEC répondra à nombre de vos besoins. Rempli de tableaux, de graphiques et de diagrammes détaillés, L'OEC est l'outil pratique par excellence pour comprendre les

arcanes de la conjoncture économique. De plus, **L'OEC** vous offre le type d'analyse fouillée et intelligente à laquelle vous vous attendez d'un leader mondial dans le domaine de la statistique.

L'OEC est simple à utiliser

Des consultations avec plusieurs experts ont fait en sorte que le nouveau format de L'OEC reçoit aujourd'hui un accueil enthousiaste de la part de nos nombreux lecteurs. La section des Conditions économiques actuelles comprend des commentaires percutants sur des questions, des tendances et des développements économiques. La croissance économique, le commerce, l'activité des marchés financiers — les événements économiques marquants au Canada sont examinés dans chaque numéro mensuel

La section Événements économiques regroupe les faits d'actualité ayant eu un impact majeur sur l'économie au cours du mois précédent. *En plus*, *L'OEC* comprend une Étude spéciale qui examine en profondeur des sujets qui touchent directement ou indirectement presque tous les Canadienes et Canadiennes. Enfin, l'Aperçu statistique contient l'ensemble des chiffres réels pour les indicateurs économiques essentiels : les marchés, les prix, le commerce, la démographie, le chômage, et bien d'autres encore.

L'OEC vous offre des solutions

En tant qu'abonné, vous profiterez d'une communication directe avec les analystes de Statistique Canada. Vous recevrez également, sans frais additionnels, un exemplaire du Supplément statistique bistorique de L'OEC.

visitez notre site internet! www.statcan.ca

Abonnez-vous dès AUJOURD'HUT à L'Observateur économique canadien (numéro au catalogue 11-010-XPB) pour seulement 227 § au Canada (TPS/TMH et PP en sus, s'il y a lieu) et 227 § US dans les autres pays. Perspectives on Labour and Income...

L'emploi et le revenu en perspective...

... your window onto critical issues and pertinent trends in the workplace!

ramatic shifts and new challenges are now facing Canadian business professionals. Never before has it been <u>so</u> difficult to stay on top of changing labour market trends. Now, more than ever, you need a dependable resource to give you accurate, timely and <u>complete</u> information — straight from the source.

A topical quarterly journal, Perspectives will keep you up-to-date on current labour market trends and save you hours of research time by giving you the information you need to:

- anticipate significant developments;
- evaluate labour conditions;
- plan new programs or services;
- formulate proposals; and
- prepare reports that support your organization's policies.

PERSPECTIVES

OF MAN OF THE PROPERTY OF THE PR

... pour comprendre les enjeux et les tendances du marché du travail!

es changements importants et de nouveaux défis sont au menu pour les gens d'affaires. Jamais n'a-t-il été si difficile de suivre l'évolution du marché du travail. D'où l'absolue nécessité de vous renseigner à la source pour obtenir des renseignements exacts, actuels et complets.

Statistique Canada vous propose sa revue détaillée, L'emploi et le revenu en perspective.

Tous les trimestres, vous pourrez comprendre les tendances observées dans le marché du travail et consacrer moins de temps à la recherche, en consultant les renseignements dont vous avez besoin pour :

- prévoir les changements importants;
- évaluer la situation du marché du travail:
- planifier de nouveaux programmes ou services;
- formuler des recommandations;
 rédiger des rapports appuyant les politiques de votre organisation.

L'emploi et le revenu en perspective s'appuie sur les données de nombreuses enquêtes de Statistique Canada et de diverses sources administratives. Son contenu détaillé vous permet de <u>prendre des</u> <u>décisions éclairées</u> sur les questions complexes qui touchent l'emploi.

<u>De plus</u>, tous les six mois, vous recevrez *Le bilan du marché du travail*, qui renferme des renseignements précieux sur la performance du marché du travail.

Abonnez-vous aujourd'hul à L'emploi et le revenu en perspective !

Un abonnement à *L'emploi et le revenu en perspective* (n° 75-001-XPF au catalogue) coûte seulement 58 \$ par année au Canada (TPS en sus et TVP ou TVH, s'il y a lieu) et 58 \$ US à l'extérieur du Canada.

On peut aussi se procurer les produits de Statistique Canada auprès des agents autorisés, dans les librairies et dans les bureaux régionaux de Statistique Canada.

Normes de service à la clientèle

Statistique Canada s'engage à fournir à ses clients des services rapides, fiables et courtois et dans la langue officielle de leur choix. À cet égard, notre organisme s'est doté de normes de service à la clientèle qui doivent être observées par les employés lorsqu'ils offrent des services à la clientèle. Pour obtenir une copie de ces normes de service, veuillez communiquer avec le centre de consultation régional de Statistique Canada le plus près de chez vous.

Note to users

Re-engineering the survey:

Beginning with the May 1998 release, the Labour Division has completed the third phase of its redesign of the use of administrative records for the production of employment, earnings and hours estimates. With the change in methodology, employment estimates derived from administrative records may show a different seasonal pattern than the previous data, which were derived from survey questionnaires. The impacts on seasonal patterns due to this change in methodology can only be assessed over a longer time period. Statistics Canada will continue to monitor these impacts and will help users interpret this data. To minimize the effect of impacts, data from the Survey on Employment on Employment, Payrolls and Hours, particularly employment data, be used over longer time periods for detailed industry distributions.

For more information on the redesign, users can contact the SEPH dissemination unit at: (613) 951-4090.

Avis aux utilisateurs

Remaniement de l'enquête:

Avec la parution des estimations de mai 1998, Statistique Canada a complété la troisième phase de son remaniement concernant l'utilisation des données administratives dans la compilation des estimations de l'emploi, de la rémunération et des heures de travail. Étant donné ce changement méthodologique, il se peut que les estimations de l'emploi mesurées à partir de données administratives montrent un modèle saisonnier différent de celui des données obtenues à l'aide de questionnaires, ce qui ne peut être déterminé que dans le contexte d'une plus longue période. Statistique Canada continuera d'examiner ces répercussions et sera disposé à aider quiconque à faire une interprétation correcte de ses données. Afin de minimiser les effets, il est recommandé d'utiliser les données de l'Enquête sur l'emploi, la rémunération et les heures de travail, particulièrement celles de l'emploi, dans le contexte d'une plus longue période ou pour obtenir une distribution détaillée par secteur.

Pour de plus amples renseignements sur le remaniement, communiquez avec l'unité de diffusion au: (613) 951-4090.

RECUEIL HISTORIQUE DE MOYENNES ANNUELLES SUR L'EMPLOI, LES GAINS ET LES HEURES. **UN OUTIL DE TRAVAIL INDISPENSABLE!**

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1985-1997", est un outil de référence comprenant plus de 245 pages de tableaux et graphiques spécifiquement adaptés pour répondre à vos besoins. Ce recueil de référence très utile contient 13 années de moyennes annuelles qui vous aideront à prévoir, à planifier et à évaluer avec précision.

Cette publication est un outil de travail important. Elle est présentée dans deux formats faciles à télécharger et à utiliser rendant l'accès aux données plus facile que jamais. À l'aide du logiciel Adobe Acrobat, vous pouvez facilement visualiser ou imprimer votre propre publication. Les fichiers ASCII vous permettent d'importer les données dans un chiffrier de votre choix.

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1985 - 1997" inclus:

- le nombre total de salariés comprenant les estimations de ceux rémunérés à l'heure
- la rémunération hebdomadaire et horaire moyenne
- les heures hebdomadaires moyennes
- la rémunération brute
- données disponibles aux niveaux national, provincial et territorial
- données pour plus de 200 groupes d'activités basés sur la CTI 1980
- supplément de "L'indice de l'offre d'emploi, 1981 1997" C'est le seul indicateur de la demande de main d'oeuvre produit de façon régulière par Statistique Canada.

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1985 -1997" est un outil de référence idéal pour votre organisation. Commandez dès auiourd'hui!

HISTORICAL ANNUAL AVERAGE EMPLOYMENT, EARNINGS AND HOURS DATA YOU MUST HAVE!

Available from the Survey of Employment, Payrolls and Hours - "Annual Estimates of Employment, Earnings and Hours 1985-1997" a reference product with over 245 pages of

tables and graphs specifically designed to meet your needs. This handy reference tool is packed with 13 years of detailed annual average data to help you forecast, plan and evaluate accurately.

This indispensable reference source is presented in two easy-to-load, user friendly electronic formats that make accessing the data you need easier than ever before. With Adobe Acrobat software, you can easily view or print your own paper copy, while the ASCII file format lets you import the data to your preferred spreadsheet.

"Annual Estimates of Employment, Earnings and Hours 1985-1997" includes:

- total number of employees including estimates of those paid by the hour
- average weekly and hourly earnings
- average weekly hours

payrolls data data at national, provincial and territorial levels data for over 200 industry groups based on the 1980 SIC. the "Help-Wanted Index, 1981-1997" supplement. This is the only indicator of labour demand regularly compiled by Statistics Canada. "Annual Estimates of Employment, Earnings and Hours 1985-1997" is the reference product for your organization. Note of appreciation

Canada owes the success of its statistical system to a long-standing partnership between Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.

Notes Notes

Data for the current month are preliminary estimates and are subject to revision in the next issue of this publication.

Data contained in this publication (unless otherwise specified) are not seasonally adjusted.

Les données du mois le plus récent sont des estimations préliminaires et seront révisées lors de la prochaine parution de cette publication.

À moins d'avis contraire, les données paraissant dans cette publication sont non désaisonnalisées.

Symbols

The following standard symbols are used in Statistics Canada publications:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- p preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act.

Signes conventionnels

Les signes conventionnels suivants sont employés uniformém dans les publications de Statistique Canada:

- .. nombres indisponibles.
- ... n'ayant pas lieu de figurer.
- néant ou zéro.
- -- nombres infimes.
- p nombres provisoires.
- nombres rectifiés.
- x confidentiel en vertu des dispositions de la Loi sufa statistique relatives au secret.

Note on CANSIM

The data published in Employment, Earnings and Hours (Catalogue No. 72-002-XPB) are also available in machine readable form through CANSIM (Canadian Socio-Economic Information Management System). Users interested in accessing data via CANSIM should contact one of Statistics Canada's regional centres at the numbers listed on the inside front cover of this publication, or contact the Marketing division, Statistics Canada, R.H. Coats Building, Ottawa, Ontario, K1A 0T6 (613) 951-8200

Note concernant CANSIM

Les données qui sont publiées dans l'Emploi, gains et durée du travail (n° 72-002-XPB au catalogue) peuvent être obtenues sous forme lisible par machine de CANSIM (Système Canadien d'information socio-économique). Les utilisateurs voulant obtenir des chiffres par l'intermédiaire de CANSIM peuvent contacter un des centres de consultation de Statistique Canada dont les numéros de téléphone figurent à l'endos du couvert de cette publication ou en communiquant directement avec la division du marketing, Statistique Canada, Immeuble R.H. Coats, Ottawa, Ontario, K1A 0T6 (613)951-8200.

Design your own table

Design your own table to order Employment, Payrolls and Hours data in the detail you need it. All data collected by the survey can be custom tabulated to meet your particular data needs. A consultant will help you custom design your tabulation. Our office is open from 8:00 A.M. to 4:30 P.M..

Survey Overview

Aperçu de l'enquête

Note to readers

Beginning with the May 1998 release, the Labour Division has completed the third phase of its redesign in the use of administrative records for the production of employment, earnings and hours estimates. In addition, a new sample for the Business Payrolls Survey has been drawn to produce estimates of paid hours, and average weekly and hourly earnings. A description of the methodological changes and their impacts on the data is available in the May 1998 publication.

Note aux lecteurs

Avec la parution des estimations de mai 1998, la Division du travail a complété la troisième phase de son remaniement concernant l'utilisation des données administratives dans la compilation des estimations de l'emploi, gains et durée du travail inscrits sur le registre de paye. De plus, un nouvel échantillon a été tiré pour l'Enquête sur la rémunération auprès des entreprises afin de produire des estimations sur le nombre d'heures rémunérées, la rémunération hebdomadaire moyenne ainsi que la rémunération horaire moyenne. Une description des changements méthodologiques, ainsi que de leur impact sur les données est disponible dans la publication de mai 1998.

The monthly Survey of Employment, Payrolls and Hours is designed to measure the levels and month-to-month trends of payroll employment, paid hours and earnings. The data are compiled at detailed industrial levels for Canada, provinces and territories.

L'enquête mensuelle sur l'emploi, la rémunération et les heures a pour objet de mesurer les niveaux et les tendances mensuelles de l'ensemble des salariés inscrits sur la liste de paye, des heures rémunérées et des gains. Ces données sont rassemblées à des niveaux détaillés selon l'activité économique pour le Canada, les provinces et les territoires.

Methodology

Target population

The target population is composed of all employers in Canada, except those in agriculture, fishing and trapping, private households services, religious organizations and defence services. The survey reference period for SEPH is the pay period that includes the last seven days of the month.

The statistics contained in this publication are based on:

- *a census of administrative records having approximately 100 employees or more,
- *a sample of administrative records having approximately 99 employees or less,
- a sample survey (BPS) conducted to estimate the variables not reported on administrative records.

*The administrative data come from 2 questions that were added to the Revenue Canada's remittance form (PD7). Note that employers who remit less than \$15,000 monthly in income tax withholdings, Canada/Quebec Pension Plan contributions and Employment Insurance premiums need to remit only once a month while all others are required to remit twice or more monthly. In addition, beginning with October 1997, employers remitting a total of \$12,000 or less per year are allowed to send their payroll deductions to Revenue Canada on a quarterly basis.

The total payroll and employment estimates are obtained from Administrative records. The Business Payrolls Survey (BPS) is conducted monthly to collect data that is utilized in

Méthodologie

Population cible

La population cible comprend tous les employeurs au Canada sauf ceux des secteurs de l'agriculture, de la pêche et du piégeage, des services domestiques, des ménages, des organismes religieux et des services de la défense. La période de référence de l'EERH, est la période de paye qui correspond aux sept derniers jours du mois.

Les statistiques comprises dans la présente publication sont fondées sur:

- *un recensement des dossiers administratifs comprenant approximativement 100 salariés ou plus.
- *un échantillon des dossiers administratifs comprenant approximativement 99 salariés ou moins,
- une enquête-échantillon (ERE) servant de base pour estimer les variables non rapportées sur les dossiers administratifs.

*Les données administratives proviennent de 2 questions qui ont été ajoutées au formulaire des retenues sur la paye (PD7) de Revenu Canada. Veuillez noter que les employeurs qui versent moins de 15 000 \$ par mois en retenues d'impôt, en contributions au fonds de pension du Canada, au Régime des rentes du Québec et en primes d'assurance-emploi, n'effectuent qu'un versement mensuelle tandis que les autres font 2 versements ou plus par mois. De plus, depuis octobre 1997, les employeurs ayant un maximum total de 12 000 \$ ou moins en retenues sur la paye par année, peuvent faire des versements sur une base trimestrielle à Revenu Canada.

Le nombre total de salariés inscrits sur la liste de paye provient des dossiers administratifs. L'Enquête sur la rémunération auprès des entreprises (ERE) est effectuée chaque mois en vue de recueillir the calculation of ratios and regression coefficients needed to estimate data not reported on the administrative records. Combining different sources, BPS and Administrative Survey results in the full range of SEPH variables.

TERMS AND DEFINITIONS

Industry classification: On the basis of its principal activity, each establishment is assigned an industry code according to the 1980 Standard Industrial Classification (SIC). A description of the various industries and groups of industries is contained in the "Standard Industrial Classification Manual", Catalogue 12-501-XPB. In the tables of this publication, a column is identified "S.I.C. Code" and corresponds to that manual. SEPH has 281 industry groups in scope. For analytical purposes, special groupings which are not part of the Standard Industrial Classification, have been created.

- a) Industrial aggregate (000-999) represents the sum of all the industries included in the survey. Since January 1994, employment estimates for the Industrial aggregate include the unclassified businesses.
- b) Unclassified businesses (000) represents businesses that have not yet been classified to an SIC, a province or a territory. Since January 1994, employment estimates for industrial aggregate includes the unclassified businesses.
- Goods-producing industries (041-449)(491-499) consist of the following industries; forestry, mining, manufacturing, construction and other utilities industries.
- d) Service-producing industries (451-484)(501-999) consist of the following industries; transportation, communication and storage, trade, finance and insurance, services (except religious organizations and private households) and public administration industries (except for defence services and other government services).
- e) Durable goods (39U) manufacturing consist of the following industries; wood (251-259), furniture and fixtures (261-269), primary metal (291-299), fabricated metal products (301-309), machinery (311-319), transportation equipment (321-329), electrical and electronic products (331-339), non-metallic mineral products (351-359) and other manufacturing industries (391-399).
- f) Non-durable goods (37U) manufacturing consist of the following industries; food (101-109), beverage (111-114), tobacco (121-122), rubber products (151-159), plastic products (161-169), leather products (171), primary textile (181-183), textile products (191-199), clothing (243-249), paper and allied products (271-279), printing, publishing and allied (281-284), refined petroleum and coal products (361-369), chemical and chemical products (371-379).

des données afin de calculer des ratios et des coefficients de régression, servant à estimer les données qui ne sont pas rapportées sur les dossiers administratifs. Ces différents volets soit l'ERE ainsi que les dossiers administratifs sont combinés en vue de produire toutes les variables propres à l'EERH.

TERMES ET DÉFINITIONS

Classement par activité économique: Un code d'activité économique tiré de la Classification type des industries de 1980 (CTI) est attribué à chaque établissement selon sa principale activité. Les industries et les différents groupes industriels sont décrits dans le manuel "Classification Type des Industries 1980" catalogue 12-501-XPB. Dans les tableaux de cette publication, une colonne est identifiée "CTI 1980". Ces codes correspondent à ce manuel. On compte 281 groupes d'activités visées par l'EERH. À des fins analytiques, nous avons créé des groupes spéciaux qui ne figurent pas dans la Classification type des industries.

- a) Ensemble des industries (000-999) représente la somme de toutes les industries visées par l'enquête. Depuis janvier 1994, l'emploi pour l'ensemble des industries comprend les entreprises non classifiées.
- b) Les entreprises non classifiées (000) représentent des entreprises n'ayant pas été identifiées à une classification industrielle, une province ou un territoire. Depuis janvier 1994, l'emploi des entreprises non classifiées est compris dans l'ensemble des industries.
- c) Branche productrice de biens (041-449)(491-499) englobe les industries suivantes; forêts, mines, manufactures, construction et autres services publics.
- d) Branche productrice de services (451-484)(501-999) englobe les industries suivantes; transports, communications et entreposage, commerce, finances et assurances, services (sauf les organismes religieux et les ménages privés) et l'administration publique (excepté les services de la défense et autres services gouvernementaux).
- e) Biens durables (39U) des industries manufacturières englobe les industries suivantes; bois (251-259), meubles et articles d'ameublement (261-269), première transformation des métaux (291-299), fabrication des produits métalliques (301-309), machinerie (311-319), matériel de transport (321-329), produits électriques et électroniques (331-339), produits minéraux non métalliques (351-359), et autres industries manufacturières (391-399).
- f) Biens non durables (37U) des industries manufacturières englobe les industries suivantes; aliments (101-109), boisson (111-114), tabac (121-122), produits en caoutchouc (151-159), produits en matière plastique (161-169), cuir (171), première transformation du textile (181-183), produits textiles (191-199), habillement (243-249), papier et produits connexes (271-279), imprimerie, édition et industries connexes (281-284), produits raffinés du pétrole et du charbon (361-369), produits chimiques (371-379).

- g) Banks (700) consist of the following industries; Central Bank (701), Chartered Banks and other banking-type intermediaries (702).
- h) Other amusement and recreational services (960) consist of the following industries; commercial spectator sports (964), gambling operations (966) and other amusement and recreational services (969).
- i) Public Administration (812-837) contains only the establishments engaged in activities that are governmental in character and those serving as internal service agencies of the public service. Government owned establishments primarily engaged in activities assigned to other industries are classified in those industries along with similar establishments owned by non-government bodies. Therefore, data included in this industry division do not represent the actual number of persons employed by government at any level.

Variables

Employee:

The employment is derived from administrative records. Since the data for the different employee categories are not reported on the administrative records, the BPS survey is conducted to estimate ratios needed to calculate those variables.

The survey determines an employee as being any person drawing pay for services rendered or for paid absences and for whom the employer must complete a Revenue Canada T-4 Supplementary Form.

The employee concept includes full-time employees, part-time employees (those who regularly work fewer hours than the standard work week of the establishment). It also comprises working owners, directors, partners and other officers of incorporated businesses.

The definition excludes owners or partners of unincorporated businesses, the self-employed, unpaid family workers, persons working outside Canada, military personnel and casual workers for whom a T-4 is not required. It also excludes those who did not receive any pay from the employer for the entire survey reference period (e.g. persons on strike, persons on unpaid holidays, persons receiving remuneration from an insurance, Workmens' compensation or other related fund, etc.). However, employees paid for part of the reference period and unemployed or on strike for the rest of this period are included in the survey.

The employees are classified into the following categories:

 a) Employees paid by the hour: any employee whose basic wage is expressed as an hourly rate.

- g) Banques (700) englobe les industries suivantes; banque centrale (701) et banques à charte et autres intermédiaires de type bancaire (702).
- Services de divertissements et de loisirs (960) englobe les industries suivantes; sports commerciaux (964), loteries et jeux de hasard (966) et autres services de divertissements et de loisir (969).
- i) Administration publique (812-837) comprend seulement les établissements dont les activités ont un caractère essentiellement gouvernemental, et les organismes auxiliaires assurant les services internes de l'État. Les établissements publics dont l'activité dominante relève d'autres activités économiques sont classés sous les mêmes rubriques que les établissements privés semblables. Ainsi, les données publiées pour cette division économique ne représentent pas le nombre réel de personnes employées par les différents pouvoirs publics.

Variables

Salarié:

L'emploi provient des dossiers administratifs. Toutefois, les reseignements concernant les différents types d'emplois ne sont pas rapportés sur les dossiers administratifs; l'enquête ERE est effectuée en vue de recueillir des données afin de calculer les ratios servant à estimer ces variables

L'enquête définit un salarié comme étant: toute personne rétribuée pour ses services ou ses absences et pour laquelle l'employeur doit remplir une déclaration T-4 Supplémentaire de Revenu Canada.

Le concept de l'enquête combine les salariés à temps plein et à temps partiel (ceux qui travaillent régulièrement un nombre d'heures inférieur à la semaine normale de travail de l'entreprise). Il désigne aussi les propriétaires, administrateurs, associés et autres dirigeants actifs des entreprises constituées en corporation.

Le concept exclut les propriétaires et les associés des entreprises non constituées en corporation, les travailleurs autonomes, les travailleurs familiaux non rémunérés, les personnes travaillant à l'extérieur du Canada et le personnel militaire et les employés occasionnels dont l'employeur n'est pas tenu de remplir la formule T4. Sont également exclus, les travailleurs n'ayant pas reçu de paye de leur employeur pendant la période de référence de l'enquête (c.-à-d. les personnes en grève, en congé non payé, les personnes recevant une rémunération aux termes d'un régime d'assurance, d'une caisse d'indemnisation des accidents au travail ou d'un régime analogue, etc.). Cependant, les travailleurs rémunérés pour une partie de la période de référence et en chômage ou en grève pour le reste de la période sont inclus dans l'enquête.

Les salariés sont classés dans les catégories suivantes:

 a) Salariés rémunérés à l'heure: tout salarié dont la rémunération de base est calculée selon un taux horaire. Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *non-teaching staff:* All employees other than teachers and academic staff, for example; president, vice-president, librarian, registrar, bursar, accountant, guidance counselor, laboratory technician, personnel officer and other services (janitor, caretaker, bus driver, etc.).

 *Salaried employees: any employee whose basic remuneration is a fixed amount for at least one week.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *teaching staff:* those classified as teachers, instructors or academics in the payroll records (e.g. principal, professor, dean, head of department, master, teacher, etc.) whether they teach during the day or evening. Supply or substitute teachers are excluded.

*Other employees: those employees whose basic remuneration is in the form of commissions, piece rates, mileage allowances, etc. Although this variable is not included in this document, the data remains available.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *supply or substitute teachers*: teachers who are called in as needed either to augment existing staff or as short-term replacements for a full-time or part-time teachers.

Weekly Payrolls:

Weekly payrolls are defined as the portion of gross monthly payrolls that reflect work performed during the reference week. It represents the gross dollar value before deductions for income taxes, employment insurance contributions etc.., including regular pay, overtime and a portion of bonuses, commissions and other type of special payments. The payroll concept excludes dollar amounts that are taxable allowances and benefits, certain types of non-wage compensation as well as employer contributions to employment insurance, Canada/Quebec pension plans, provincial medical plans, workers compensation and other welfare plans. Some annual special payments are excluded while other lump sum special payments are adjusted to

coincide with the reference week period. The gross monthly payrolls are derived from Administrative records.

Average weekly earnings for all employees:

Average weekly earnings are derived by dividing total weekly payrolls by the payroll employment.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le **personnel non enseignant**: tous les salariés autres que le personnel enseignant, c'est-à-dire le président, le vice-président, le bibliothécaire, le secrétaire général, l'économe, le comptable, les orienteurs, les techniciens de laboratoire, les agents du personnel ainsi que les autres services (le concierge, pourvoyeur, chauffeur d'autobus, etc.)

 *Employés: tout salarié dont la rémunération de base constitue une somme fixe versée pour au moins une semaine.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel enseignant*: tout travailleur classé comme enseignant ou chargé de cours dans les dossiers du service de la paye (directeur, professeurs, doyens, chefs de département, maîtres, enseignants, etc.), qu'il enseigne le jour ou le soir. Les suppléants ou remplaçants sont exclus.

c) *Autres salariés: tout salarié dont la rémunération de base se présente sous forme de commissions, de salaire à la pièce, d'indemnités de millage, etc. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le personnel *suppléants ou remplaçants*: enseignants appelés à se présenter au travail lorsqu'on a besoin de leurs services soit pour accroître le personnel existant, soit pour remplacer pendant une courte période un enseignant à temps plein ou à temps partiel.

Rémunération hebdomadaire brute:

La rémunération mensuelle brute est définie comme étant la partie de la rémunération hebdomadaire brute qui reflète le travail accompli durant la semaine de référence. Ca représente la valeur brute en dollars avant les déductions pour l'impôt sur le revenu, les contributions à l'assurance-emploi etc.., incluant le salaire régulier, le surtemps et la partie bonis, commissions et tout autres types de paiements spéciaux. Le concept sur la rémunération, ne comprend pas les montants en dollars qui représentent des allocations et des avantages imposables, certains types d'indemnités non salariales ainsi que les cotisations patronales à l'assurance-emploi, au régime de pension du Canada ou au Régime des rentes du Québec, aux régimes d'assurance-maladie provinciaux, aux caisses d'indemnisation des accidents du travail et à d'autres régimes de prévoyance. Les paiements annuels spéciaux sont exclus tandis que les paiements forfaitaires spéciaux sont rajustés de façon à coïncider avec la semaine de référence. rémunération mensuelle brute provient des dossiers administratifs.

Rémunération hebdomadaire moyenne pour l'ensemble des salariés:

La rémunération hebdomadaire moyenne est calculée en divisant la masse salariale brute imposable par le nombre de salariés inscrits sur la liste de paye. Average weekly hours for employees paid by the hour and standard work week for salaried employees:

Average weekly hours are obtained by dividing the total paid weekly hours (for employees paid by the hour) by the number of employees (paid by the hour). Total paid hours are defined as all hours paid including overtime hours plus hours of paid absence.

Average hourly earnings (including overtime) for employees paid by the hour:

Is obtained by dividing the total weekly payrolls (for employees paid by the hour) by the total number of weekly hours (for employees paid by the hour). Average hourly earnings are calculated for the hourly-rated employees and for the salaried employees.

Heures hebdomadaires moyennes pour les salariés rémunérés à l'heure et la semaine normale de travail des employés:

Les heures hebdomadaires moyennes sont calculées en divisant le nombre total d'heures hebdomadaires rémunérées (des salariés rémunérés à l'heure) par le nombre de salariés (rémunérés à l'heure). Le nombre total d'heures rémunérées est défini comme étant toutes les heures payées y compris les heures supplémentaires et les heures d'absence payées.

Rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure:

La rémunération horaire moyenne est calculée en divisant la rémunération hebdomadaire brute (des salariés rémunérés à l'heure) par le nombre d'heures travaillées (de ces même salariés). La rémunération horaire moyenne est calculée à l'égard des salariés rémunérés à l'heure et des employés. ■

Highlights

Faits saillants

Employment, earnings and hours

December 1998 (preliminary)

In December, employees' average weekly earnings increased slightly by \$0.81 to \$608.04. Earnings increased by 1.2 percent in 1998, exceeding the 1.0 percent gain recorded by the consumer price index between December, 1997 and December, 1998.

Hourly rated employees worked an average of 31.3 hours (including overtime hours) in December, down slightly from November. Average hours have changed very little in the past year, rising only 0.2 hours since December 1997. Average overtime hours registered in December remained unchanged from November.

Employment growth was strong in December as employers added 48,000 additional persons to their payrolls. Most of the employment growth in 1998 was attributable to the Manufacturing, Construction and Business Services sectors. Employment in Education decreased for the second year in a row.

Emploi, gains et durée du travail

Décembre 1998 (données provisoires)

En décembre, la rémunération hebdomadaire moyenne a augmenté légèrement soit de 81 cents, pour s'établir à 608,04 \$. La rémunération a augmenté de 1,2% en 1998, excédant le 1% d'augmentation enregistré par l'Indice des prix à la consommation durant les douze derniers mois.

Les salariés rémunérés à l'heure ont travaillé en moyenne 31,3 heures (incluant les heures supplémentaires) en décembre, soit une légère baisse par rapport à novembre. La moyenne des heures payées a peu varié au cours de la dernière année, enregistrant une légère hausse de 0,2 heure depuis décembre 1997. La moyenne des heures supplémentaires enregistrée en décembre est demeurée inchangée par rapport à novembre.

Le nombre de salariés inscrits sur les listes de paye des entreprises affichait une forte hausse en décembre, augmentant d'environ 48 000 salariés. La croissance enregistrée en 1998 est en grande partie attribuable aux secteurs des manufacturiers, de la construction et des services aux entreprises alors que dans le secteur de l'éducation, le niveau de l'emploi était en baisse pour une deuxième année consécutive.

Estimations désaisonnalisées de l'emploi, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1994-1998).

Employment rose in December, increasing by 47,700 to 11,735,142. The increase was registered mostly in goods producing industries, especially in manufacturing. This is the 6th consecutive employment increase. The largest increases were registered in Quebec, Ontario and Alberta.

En décembre, la croissance de l'emploi était en hausse de 47 700 pour s'établir à 11 735 142. La branche productrice de biens était presqu'entièrement responsable de la croissance de l'emploi et plus particulièrement, l'industrie manufacturière. Il s'agit de la 6'ème augmentation de l'emploi en autant de mois. Le Québec, l'Ontario et l'Alberta ont enregistré les plus fortes hausses.

Tableau 3

Fixed-weighted Indexes (1986=100) of Average Hourly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1994-1998). Indices à pondération fixe (1986=100) de la rémunération horaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1994-1998).

The annual growth rate for the fixed-weighted index of average hourly earnings declined in December. The annual growth rate fell from 2.9 percent in November to 1.8 percent in December and most industries contributed to the decline.

En décembre, le taux de croissance annuelle de l'indice à pondération fixe de la rémunération horaire moyenne était en baisse. Le taux de croissance annuelle est passé de 2,9% en novembre à 1,8% en décembre. La plupart des industries ont contribué à ce déclin.

Tableau 4

Number of Industries Showing Year-Over-Year Increases in Employment, for Selected Industries, Canada, (1994-1998). Nombre d'industries démontrant des augmentations d'emploi d'une année à l'autre, pour une sélection d'industries, Canada (1994-1998).

The number of industries recording a year-over-year employment gain increased substantially between November and December. The industries gaining employment were in goods producing industries, especially manufacturing.

Le nombre d'industries ayant enregistré une croissance de l'emploi d'une année à l'autre était en forte hausse entre novembre et décembre. C'est dans l'industrie de la branche productrices de biens et surtout dans l'industrie manufacturière que se sont manifestées les plus fortes augmentations de l'emploi.

Employment, Earnings and Hours, 1998 Statistics Canada - Cat. No. 72-002-XPB

Tableau 5

Estimates of Employment, Payrolls and Average Weekly Earnings, for All Employees, by Industry, Canada, Provinces and Territories.

Estimations de l'emploi, de la rémunération brute et de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, par industrie, Canada, provinces et territoires.

Average weekly earnings for all employees in December 1998 was \$606.59, a year over year increase of \$6.66. The increase was distributed almost equally between goods and service producing industries. There was a slight increase from November 1998 of \$0.55.

En décembre 1998, la rémunération hebdomadaire moyenne pour l'ensemble des salariés s'établissait à 606,59\$, soit une augmentation de 6,66\$ au cours des 12 dernier mois. Cette croissance était répartie également entre les industries de la branche productrice de biens et celle de la branche productrice de services. Par rapport à novembre 1998, la rémunération hebdomadaire moyenne était en légère hausse de 0,55\$.

Tableau 6

Estimates of Employment, Average Hourly Earnings and Hours, for Employees Paid by the Hour, by Industry, Canada, Provinces and Territories.

Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les salariés rémunérés à l'heure, par industrie, Canada, provinces et territoires.

In december average hourly earnings rose by 1.0% to \$15.38, while hours decreased by 0.97% to 30.4. The largest gains for earnings were seen in Manitoba and Saskatchewan from the previous month. Increases were strongest at the Canada level for service producing industries.

En décembre, la rémunération horaire moyenne pour les salariés rémunérés à l'heure augmentait de 1,0% pour atteindre 15,38\$, alors que les heures diminuaient de 0,9% pour s'établir à 30.4. Les plus fortes augmentations se sont surtout faites sentir au Manitoba et en Saskatchewan. Au niveau du Canada, les industries de la branche productrice de services connaissaient les plus fortes augmentations de la rémunération horaire moyenne.

Tableau 7

Estimates of Employment, Average Hourly Earnings and Hours, for Salaried Employees, by Industry, Canada, Provinces and Territories.

Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les employés (à salaire fixe), par industrie, Canada, provinces et territoires.

The average weekly earnings for salaried employees (including overtime) in December was \$780.61, an increase of 1.0% over December 1997. Salaried employees in goods producing industries were higher paid at \$977.95 + than salaried employees in service producing industries who earned \$742.37.

En décembre 1998, la rémunération hebdomadaire moyenne des employés s'établissait à 780,61\$, soit une hausse de 1,0% comparativement à décembre 1997. La rémunération hebdomadaire moyenne des employés des industries de la branche productrice de biens (977,95\$) était plus élevée que celle des employés de la branche productrice de services (742,37\$).

Administrative data: data derived from the monthly payroll deduction forms (PD7 forms) from Revenue Canada. There are two types of payroll deduction (PD) accounts.

- PD7A refers to monthly remitters (small businesses reporting once a month.
- TM refers to accelerated remitters (medium and large businesses reporting more than once a month).
- * Please note that as of may the SEPH establisment survey has been replaced by an increased use of administrative records in the production of the SEPH estimates.

Données administratives: données provenant des formulaires de retenue sur la paye (formulaires PD7) de Revenu Canada. Il existe deux genres de comptes de retenues sur la paye (RP).

- PD7A se rapporte aux remises mensuelles (petites entreprises effectuant une remise par mois).
- TM se rapporte aux remises accélérées (moyennes et grandes entreprises effectuant plus d'une remise par mois).

^{*}Veuillez noter, qu'à partir du mois de référence mai 1998, l'enquête établissement de l'EERH a été remplacé par l'utilisation accrue des données administratives dans la Compilation des estimations de l'EERH.

1998 Labour Force Survey data available on CD-ROM

The 1998 Labour Force Historical Review on CD-ROM is an easy-to-use tool that lets you discover labour market patterns or trends in seconds. Thousands of cross-classified data series, spanning from 1976 to 1998, are available at the click of a mouse. Included in this annual package is an easy to use data browser, tutorials, the Labour Force Survey Questionnaire, a comprehensive guide to the survey, a coefficient of variation calculator and much more. This year's CD includes industry and occupation data based on new and more current classification systems.

The 1998 Labour Force Historical Review on CD-ROM (Catalogue no. 71F0004XCB) is available now for only \$195 (plus either 7% GST and applicable PST or HST) in Canada and US\$195 outside Canada.

1998 Labour Force Survey data available in print

Historical Labour Force Statistics, 1998 provides you with a

handy print reference tool to the seasonally adjusted employment and unemployment statistics presented each month in the press. This annual publication presents data on general labour market characteristics for Canada, the provinces and metropolitan cities, with data going back 10 to 20 years. Each year, the series are updated and revised according to the latest information on seasonal models and factors.

The *Historical Labour Force Statistics*, 1998 (Catalogue no. 71-201-XPB) is available now for only \$114 (plus either 7% GST and applicable PST or HST) in Canada and US\$114 outside Canada.

MERCI DE VOTRE COMMANDE!

Statistique Canada Statistics Canada Canadä

legisting designon

The current emphasis on information resonates loudly in the workplace.

Perspectives on Labour and Income

meets your need for <u>accurate, timely</u> <u>and comprehensive information</u>. The bottom line? You get vital data and analysis on the workplace and related issues facing contemporary Canada!

Each analytical article in this quarterly journal has clear charts, tables and summaries.

Perspectives reveals the latest labour and demographic statistics – essential to

- determine how attitudes toward retirement influence investment decisions
- evaluate the effect of wage trends on union bargaining
- forecast the effect of employment on the demand for goods and services or social programs
- compare your organization within your industry
- develop labour market studies
- ... and much more!

L'emploi et le revenu en perspective

De nos jours, on attache beaucoup d'importance à

l'information en milieu de travail. La revue *L'emploi et le revenu en perspective* répond à vos besoins pour des renseignements qui sont à

la fois <u>précis</u>, <u>actuels et complets</u>. Vous disposerez alors de données essentielles et d'analyses sur le milieu du travail et sur d'autres défis auxquels le Canada est confronté!

Le tremplin à votre succès

Les articles analytiques de cette revue trimestrielle comportent des graphiques, des tableaux et des sommaires conçus de façon à présenter clairement les statistiques sur le

marché du travail et les statistiques démographiques qui sont essentielles pour :

- déterminer dans quelle mesure les attitudes à l'égard de la retraite influent sur les décisions en matière de placements
- évaluer l'effet des tendances salariales sur les négociations syndicales
- faire des prévisions relatives à l'incidence de l'emploi sur la demande de biens et de services ou sur les programmes sociaux
- comparer votre organisation à votre branche d'activité dans son ensemble
- effectuer des études sur le marché du travail
- ... et bien plus encore!

One easy decision: Subscribe today!

When you invest in this Statistics Canada journal, you're investing in your future. *Perspectives on Labour and Income* (cat. no. 75-001-XPE) costs \$58 in Canada (olus applicable taxes) and U\$\$58 outside Canada.

Market Research Handbook 1998

Unlock Canadian Consumer and Business Markets...

The ALL NEW Market Research Handbook 1998 reveals the Canadian marketplace the way no other statistical resource can. It delivers first hand results from more than 20 specialized Statistics Canada surveys, plus the very latest details from the 1996 Census, in one practical sourcebook!

For entrepreneurs, market researchers, planners and analysts, for big business and small, Market Research Handbook 1998 is an invaluable and comprehensive decision-support tool.

Capitalize on opportunities...

- spot emerging market trends
- position your products effectively
- gain a competitive edge in an increasingly volatile and competitive economy
- and manage the future of your market!

Analyze the conditions in your market - from the local to the national level - using:

Key Demographic Variables

- population education
- retail sales
- expenditures and more!

household

earnings

Vital Economic Indicators

- labour force productivity
- private and public investment
- consumer and industrial price indexes
- international trade data
- Gross Domestic Product
- and more!

Business Demographics

- by industry
- size of business
- urban area
- plus more!

- very latest FAMEX survey data
- helpful User's Guide
- help-line phone numbers to connect you directly to analysts and specialists
- CANSIM data references over 145 statistical tables, enhanced by over 60 charts
- and graphs complete data source for follow-up research
- unparalled demographic and economic information on 45 urban centres across Canada

Market Research Handbook 1998 (Cat. No. 63-224-XPB) costs \$125 in Canada (plus either HST or GST and applicable PST) and US\$125 outside Canada To order, CALL toll-free at 1 800 267-6677, FAX 1 800 889-9734 or MAIL your order to Statistics Canada, Dissemination Division, Circulation Management, 120 Parkdale Avenue, Ottawa, Ontario, Canada KIA 0T6. Recueil statistique des études de marché 1998

Pénétrez les marchés de consommation et d'affaires canadiens ...

Le TOUT DERNIER Recueil statistique des études de marché 1998 fait état du marché canadien comme aucune autre source statistique ne le fait. Il réunit les résultats de plus de 20 enquêtes spéciales de Statistique Canada, de même que les plus récentes données du Recensement de 1996, dans un seul guide de référence pratique!

Pour les entrepreneurs, comme pour les spécialistes des études de marché, les planificateurs et les analystes, de même que pour les grandes et petites entreprises, le Recueil statistique des études de marché 1998 constitue un outil complet de très grande valeur.

Tirez profit des possibilités...

- repérez les nouvelles tendances
- positionnez vos produits efficacement
- obtenez un avantage concurrentiel au sein d'une économie de concurrence sans cesse changeante

et gérez l'avenir de votre marché!

Analysez les conditions de votre marché - à l'échelle régionale ou nationale - en utilisant :

Les principales variables démographiques

- population
- âge sexe
- revenu et plus!

- scolarité dépenses des ménages
- ventes au détail

Les indicateurs économiques

- données sur la productivité de la population active
- investissements privés et publiques
- indices des prix à la consommation et de l'industrie
- commerce international
- produit intérieur brut
- et plus!

La démographie des entreprises

- secteur d'activité région urbaine
- taille de l'entreprise
- et plus!

- les données les plus récentes de l'Enquête sur les dépenses des familles
- un guide d'utilisateur
- des numéros d'aide téléphonique vous permettant de communiquer directement avec les experts qui recueillent et analysent les données
- des références aux matrices de données CANSIM
- plus de 145 tableaux statistiques, mis en valeur par quelque 60 graphiques
- des renseignements sur les sources
- de l'information socioéconomique incomparable sur 45 grandes villes du Canada

Recueil statistique des études de marché 1998 (n° 63-224-XPB au catalogue) se vend 125 \$ au Canada (plus, soit la TVH, soit la TPS et la TVP en vigueur) et 125 \$ US à l'extérieur du Canada Pour commander, TÉLÉPHONEZ sans frais au 1 800 267-6677, TÉLÉCOPIEZ vos commandes au 1 800 889-9734 ou POSTEZ votre commande à Statistique Canada, Division de la diffusion, Gestion de la circulation, 120, avenue Parkdale, Ottawa (Ontario) Canada KIA 0T6.
